CHAIRMAN'S STATEMENT

Dear Shareholders,

On behalf of the Board of Directors, I present the Annual Report and Audited Financial Statements of Hiap Teck Venture Berhad ("HTVB" or "the Company") and its subsidiaries ("the Group") for the financial year ended 31 July 2018.

2018 financial year was a challenging period for the Group. While China continued its efforts to reduce its domestic steel production capacity and the closure of induction furnaces have a positive impact of stabilising steel prices across the world, however steel demand in ASEAN declined since 2017 due to slowdown in the construction sector and destocking activities in the region. The on-going trade war between US and China has also created global economic uncertainties which may disrupt the steel supply-demand chain especially in the export markets.

For Malaysia, total steel consumption dipped to only 9.4 million MT in 2017 after a 7.9% year-on-year decline. The construction sector is expected to come under pressure in line with the over-supply in the property sector and the review of some of the mega infrastructure projects by the Government. Steel demand in Malaysia for 2018 is expected to remain soft and challenging with subdued growth.

CORPORATE DEVELOPMENT

Eastern Steel Sdn Bhd ("ESSB"), 55%-owned joint-venture company of HTVB for the year under review, is a producer of steel slabs using blast furnace with an annual production capacity of 700,000 MT. ESSB had in October 2015 suspended operations due to the then difficult market conditions.

On 28 March 2018, Orient Steel Investment Pte. Ltd. ("Orient Steel" or the "Vendor") informed HTVB that it has entered into a conditional Equity and Debt Transfer Agreement with Shanxi Jianlong Industry Company Limited ("Jianlong" or the "Purchaser") for the sale by the Vendor to the Purchaser of the Vendor's (i) 179,040,000 ordinary shares in ESSB, representing 40% equity interest in the share capital of ESSB, and (ii) all of the Vendor's indebtedness claim against ESSB. The Equity and Debt Transfer Agreement is conditional upon, amongst others, the relevant governmental approvals for overseas investments. The Company had also announced on 28 March 2018 that Jianlong is in discussion with HTVB with a view to acquire additional interest in ESSB from the Company.

On 3 April 2018, HTVB entered into an Equity and Debt Transfer Agreement with Jianlong for the disposal by HTVB of (i) 89,520,000 ordinary shares in ESSB, representing 20% equity interest in the share capital of ESSB, and (ii) the Company's proportionate indebtedness claim against ESSB, for a total cash consideration of Renminbi 225.6 million, equivalent to approximately RM 139.3 million (based on the exchange rate of Renminbi 1.00 : RM0.6174 as at the latest practicable date of 21 March 2018 ("LPD")).

I am pleased to inform you that with the strong support and technical assistance from our new partner, Jianlong, ESSB has successfully re-ignited its blast furnace and resumed production on 16 July 2018; and the Equity and Debt Transfer Agreement entered into between Orient Steel and Jianlong was completed on 23 August 2018. Further, the Equity and Debt Transfer Agreement signed on 3 April 2018 between HTVB and Jianlong was completed on 1 November 2018, and HTVB's equity stake in ESSB has been reduced to 35% accordingly.

ESSB is currently operating at full production capacity and has since been successfully selling its outputs in both the domestic and export markets.

FINANCIAL PERFORMANCE

Despite a challenging year, the Group managed to achieve higher revenue of RM1.13 billion in FY2018 as compared to RM1.07 billion in the preceding financial year due to higher sales volume that can be attributable to greater stability in steel prices.

Despite the higher revenue achieved, the Group recorded a lower gross profit of RM143.95 million for FY2018, representing a 19% decrease over the RM178.24 million recorded in the previous financial year. The stable steel prices led to the normalization of margins recorded for FY 2018. For the full financial year, the Group, after three consecutive years of losses, managed to turn around to report a Profit Before Tax of RM48.37 million as compared to a Loss Before Tax of RM74.82 million in the preceding financial year. This was mainly due to lower share of losses of JV entity of RM49.07 million for FY 2018 as compared to RM215.32 million in the preceding year.

The Group's total borrowings as at the end of FY 2018 increased by 35% to RM612.09 million from RM453.67 million in the previous financial year. The increase was mainly due to the shipment arrival of lumpy import of raw materials purchased towards the end of financial year 2018. The Group's current borrowings comprise principally of short term trade facilities to support its working capital requirements on material purchases.

Going forward, with the resumption of operations, I am confident that, ESSB, which has been a drag on earnings over the past few years, will reverse its fortunes and instead contribute positively to the performance of the Group, and also drive the Group's growth to the next level.

DIVIDENDS

The Board of Directors is pleased to recommend for shareholders' approval at the forthcoming Annual General Meeting ("AGM") a first and final single tier dividend of 0.5 sen per share for the financial year ended 31 July 2018. If approved by shareholders at the AGM to be held on 17 December 2018, the dividend will be paid on 25 January 2019.

ACKNOWLEDGEMENT

On behalf of the Board of Directors, I would like to thank Mr. Ng Siek Chuan, who has served us as Senior Independent Non-Executive Director, for his valuable contributions for the past 9 years since 2009. I would also like to take this opportunity to express my gratitude to all our management team and employees for their commitment and support to the Group and to my fellow Board members for their guidance, perspective and dedication in carrying out their roles over the year.

My sincere gratitude to our valued customers, suppliers, business associates, financiers and relevant regulatory authorities for their continuous support, invaluable guidance, cooperation and trust in the Group over the years.

TAN SRI ABD RAHMAN BIN MAMAT
Chairman

MANAGEMENT DISCUSSION AND ANALYSIS

THE MALAYSIAN ECONOMY IN 2017

2017 marked a year of strong economic rebound with broad-based recovery across the advanced and emerging market economies, Malaysia recorded robust growth of 5.9% in 2017 (2016: 4.2%) backed by faster expansion in both private and public spending.

The construction sector in Malaysia, however, only registered modest growth of 6.7% (2016: 7.4%) sustained mainly by the civil engineering sub-sector which saw a steady progress of large petrochemical, transportation, and utility projects. Growth in the residential and commercial sub-sectors moderated due to record-high number of unsold residential properties and an oversupply of office space and shopping complexes.

Apparent Steel Consumption ("ASC") in Malaysia has remained flattish at marginally above the 10.0 million MT level since 2013. However, in 2016, ASC briefly spiked to 10.3 million MT but thereafter, declined by 7.9% to dip below the 10 million MT mark to 9.4 million MT in 2017.

China's continuous efforts since 2016 to rationalise its steel industry by cutting production capacities and shutting down of outmoded induction furnaces have the positive impact of stabilising steel prices across the world leading to a gradual return to a normalised market for the global iron and steel industry.

REVIEW OF BUSINESS OPERATIONS

Hiap Teck Venture Berhad ("HTVB" or "the Company") is a holding company engaged in investment and property holdings, and the provision of management services to its subsidiaries. HTVB and its subsidiaries (collectively referred to as "the Group") are primarily involved in the manufacturing and trading of steel and steel-related products with a transportation arm that solely supports internal requirements.

The mining and exploration segment is engaged in exploring, contracting and activities related to mining, processing and sale of iron ore while the Group's joint venture ("JV"), Eastern Steel Sdn. Bhd. ("ESSB") operates a 600 m3 blast furnace with an initial slab-making capacity of 700,000 MT per annum. ESSB is the sole producer of steel slabs in Malaysia.

Collectively, the Group is one of the leading steel companies in Malaysia with over twenty years of extensive industry experience committed to offering one-stop solution for steel applications to a diverse customer base in both domestic and export markets and for various sectors including building & construction, manufacturing, engineering and oil & gas.

During the year, the Group rationalised its operations by shutting down its loss-making subsidiary in Singapore. Furthermore, in May 2018, the Group commenced its mining activities to support the iron ore requirements of ESSB, which successfully re-ignited its blast furnace and resumed production on 16 July 2018.

Against the background of the construction sector's moderate growth and a decline in the country's ASC, FY2018 was a challenging year for the Group. Nonetheless, the Group was focused on driving volume sales with disciplined cost control to achieve its targets. Supported by stable steel prices, normalised margins and a lower share of loss of JV, the Group managed to turnaround, after 3 consecutive years of losses, to record a Profit after Tax of RM27.19 million.

PERFORMANCE REVIEW BY SEGMENT

The Group segments' contribution are summarised below. The detailed segmental performance is disclosed in Note 24 of the financial statements.

SEGMENTS' PERFORMANCE

FY 2018 Segmental Analysis	Trading RM'000	Manufacturing RM'000	Property & Investment RM'000	Transportation RM'000	Mining exploration RM'000	Group RM'000
SALES	529,426	598,351	30	2	50	1,127,859
RESULTS						
Segment profit/(loss) before tax & share of loss of JV	20,899	55,234	21,363	344	(405)	97,435

For the year under review, the Group registered higher revenue of RM1.13 billion, a 5.6% increase compared to RM1.07 billion reported in the preceding financial year due to higher sales volume achieved. Despite the higher revenue, the Group recorded a lower Profit from Operations of RM119.74 million in FY2018, a 30% decrease over the RM170.76 million in the previous year. Profit before Tax and before share of loss of JV was RM97.44 million (FY 2017: RM140.50 million). However, with a lower share of loss of JV, the Group managed to turnaround with a Profit before Tax of RM48.37 million in FY2018 as compared to a Loss before Tax of RM74.82 million in the preceding financial year.

As at the end of FY2018, inventories were at RM394.84 million, a 19% increase over the previous year due to lumpy purchases from imports, timing of shipment arrivals and higher steel prices. Trade receivables increased by 27% to RM270.11 million during the year mainly due to, amongst others, significantly higher sales towards the end of the financial year.

The Group's total borrowings as at end of FY2018 increased by 35% to RM612.09 million from RM453.67 million in the previous financial year to support the increase in working capital. The Group's current borrowings comprise principally short term trade facilities to support its working capital requirements on material purchases.

Manufacturing Segment

The manufacturing segment is engaged in the manufacturing and distribution of steel pipes, hollow sections, scaffolding equipment and accessories, and other steel products. Its pipe manufacturing activities under Alpine Pipe Manufacturing Sdn. Bhd. is regarded as the largest structural pipe and hollow sections manufacturer in Malaysia and Southeast Asia. The scaffold manufacturing business under Huatraco Scaffold Sdn. Bhd., has been engaged in the scaffolding business for more than twenty years. Its wealth of experience and expertise has led to its existing position as one of the most reliable and best quality scaffolding equipment providers in both the domestic and regional markets.

For the financial year under review, the manufacturing segment recorded revenue of RM598.35 million and contributed RM55.23 million in segment profit. This remarkable achievement can be attributable to a combination of disciplined cost control, continuous quality improvements and strategic procurement.

Other initiatives taken by the Group are:

- Capital expenditure in technology and automation, and outsourcing to improve efficiency, productivity and to lower costs
- Further enhancement of product quality and certification for the export markets
- Explore new market segments and expand presence in Southeast Asia

Trading Segment

The Group's trading business is one of the largest in Malaysia and is involved in the importation and sales of various types of steel products to both hardware companies and project end users in multiple sectors. It has also synergistically combined with the manufacturing segment to become a one-stop steel solution provider for major infrastructure projects.

The trading segment registered revenue of RM529.43 million FY2018 as compared to RM500.01 million in the previous financial year, representing an increase of 5.88%. As the market normalises from the sharp spike in steel prices in 2016/2017, the trading segment recorded a lower Profit before Tax of RM20.90 million as compared to RM29.20 million in the previous financial year.

Property and Investment Segment

The property and investment segment solely supports the Group's wholly owned subsidiaries as all the factory buildings, warehouses, offices and lands are housed under property holdings.

Transport Segment

The transportation segment is engaged in the provision of transport services by trucks and trailers that solely support the transportation requirements within the Group. This ensures timely delivery of materials to customers with the objective of serving our customers better.

Mining & Exploration Segment

The mining and exploration segment is engaged in exploring, contracting and activities related to mining, processing and sale of iron ore. This segment has commenced activities in May 2018 primarily to support the iron ore requirements of ESSB.

Eastern Steel Sdn. Bhd.

The Group's JV, ESSB, has successfully resumed production on 16 July 2018 and is currently operating at full production capacity.

MARKET REVIEW

World - Steel Demand

The demand outlook for the global iron and steel industry in 2018 and 2019 is cautiously optimistic. The World Steel Association (Worldsteel) forecasts global steel demand will reach 1,616.1 million MT in 2018, an increase of 1.8% over 2017. In 2019, it is forecasted that global steel demand will grow by 0.7% to reach 1,626.7 million MT. World steel demand growth is benefitting from the favorable global economic momentum, but facing risks from rising global trade tensions.

ASEAN-6 - Steel Demand

Among the ASEAN-6 countries which represent a key market for future iron and steel demand growth, namely, Vietnam, Indonesia and Philippines have attracted increased foreign direct investments from large global steel companies. In 2017, as a percentage of global steel consumption, ASEAN-6 consumed 73.8 million MT, which represents 4.6% of the world's steel consumption. It is forecasted that the steel demand for the ASEAN-6 will reach 80 million MT in 2019.

BUSINESS OUTLOOK

The outlook for steel industry in Malaysia remains challenging in light of the oversupply in both the residential and commercial property sub-sectors and the review of the mega projects by the Government. Steel demand growth is expected to remain subdued and improvements would be gradual and very much impacted by construction progress and the outcome of the review of the mega projects.

Moving forward, the Group will remain focused in its efforts to increase efficiency by continuously improving on manufacturing costs, procurement strategies, sales and working capital management to stay competitive in the challenging market. The Group will further enhance its technical and technology capabilities for higher value added products and continuously expand products range to remain in the forefront of the steel industry in Malaysia as well as Southeast Asia.

The successful resumption of ESSB's operations is transformative. It is expected to provide the Group with a new leg of growth and contribute positively to its future performance.

STATEMENT ON CORPORATE GOVERNANCE

The Board of Hiap Teck Venture Berhad ("HTVB") fully supports the recommendations of the Malaysian Code on Corporate Governance 2017 ("the Code") issued by the Securities Commission and the corporate governance requirements of the Main Market Listing Requirements ("MMLR") of Bursa Malaysia Securities Berhad ("Bursa Securities") which sets out the broad principles and recommendations for good corporate governance and best practices for listed companies.

The Board is committed to apply to the best of its ability the recommendations and principles of the Code in ensuring and maintaining that good corporate governance is practised throughout the Group to effectively discharge its responsibilities to protect the Group assets, promote sustainable results and enhance shareholders' value and those of the other stakeholders.

The Board of Directors is, therefore, pleased to report that this statement sets out the extent of the Group's compliance with the recommendations of the Code for the financial year ended 31 July 2018. The detailed disclosure on how the Group has applied the principles and practices as laid out in the Code throughout the current financial year can be found in the Corporate Governance Report at the Company's website: www.htgrp.com.my.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

I. BOARD RESPONSIBILITIES

The Company is led by a proactive Board which is primarily responsible for determining the strategic direction and sustainable goals of the Company and its subsidiaries ("the Group"), maintaining effective control over management oversight, and monitoring the overall conduct and performance of the Group's business and promoting ethical business throughout the Group. It also reviews corporate strategies, budgets, risk management, operations and the performance of the business segments and brings to bear independent judgement on issues relating to conflict of interest, strategy, risk management, performance, resources, governance and code of conduct and ethics to ensure that decisions made and actions taken will promote transparency, accountability and sustainability of the Group. The Board as a whole is dedicated to practise clear demarcation of duties, responsibilities and authority within the Company. The Board recognises the importance of good corporate governance and applies the Practices as set out in the Code and the MMLR to enhance business prosperity and maximize shareholders' wealth.

The Board is therefore, committed to ensure and maintain that a high standard of corporate governance is practised throughout the Group to effectively discharge its responsibilities with integrity, transparency and professionalism to protect and ultimately to enhance the shareholders' value and those of the other stakeholders.

Hence, the Board will continue to play a critical role in setting the appropriate tone at the top, providing leadership and promoting good governance and ethical conduct and practices throughout the Group.

Key Responsibilities of the Chairman

The Board is led by a competent Chairman, Tan Sri Abd Rahman Bin Mamat who is an Independent Non-Executive Director and is primarily responsible for effective operation and performance of the Board.

To enable the Board to discharge its responsibilities in meeting the goals and objectives of the Company, the Board has amongst others adopted the following measures from Guidance 1.1 of the Code:

- together with senior management, promote good corporate governance culture within the Company which reinforces ethical, prudent and professional behaviour;
- review, challenge and decide on management's proposals for the Company, and monitor its implementation by management;
- ensure that the strategic plan of the Company supports long-term value creation and includes strategies on economic, environmental and social considerations underpinning sustainability;
- supervise and assess management performance to determine whether the business is being properly managed;
- ensure there is a sound framework for internal controls and risk management;
- understand the principal risks of the Company's business and recognise that business decisions involve the taking of appropriate risks;

- set the risk appetite within which the board expects management to operate and ensure that there is an appropriate risk management framework to identify, analyse, evaluate, manage and monitor significant financial and non-financial risks;
- ensure that senior management has the necessary skills and experience, and there are measures in place to provide for the orderly succession of board and senior management;
- ensure that the Company has in place procedures to enable effective communication with stakeholders; and
- ensure the integrity of the Company's financial and non-financial reporting.

Key responsibilities of the Chairman as set out in Guidance 1.2 of the Code have been adopted by the Company to be the duties and responsibilities of the Chairman of the Company:

- provides leadership for the board so that the board may perform its responsibilities effectively;
- sets the board agenda and ensures that board members receive complete and accurate information in a timely manner;
- leads board meetings and discussions;
- encourages active participation and allows different views to be freely expressed;
- manages the interface between board and management;
- ensures appropriate steps are taken to provide effective communication with stakeholders and that their views are communicated to the board as a whole; and
- leads the board in establishing and monitoring good corporate governance practices in the Company.

Separation of Positions of the Chairman and Executive Deputy Chairman

In order to promote accountability, transparency and to ensure the balance of power and authority, there is a clear demarcation of responsibility and roles between the Independent Non-Executive Chairman and the Executive Deputy Chairman. The positions of Independent Non-Executive Chairman and Executive Deputy Chairman are held by different individuals. In this regard, no one individual can influence Board's discussions and decision making.

The Chairman's main responsibility is to ensure effective conduct of the Board and Board meetings and unrestricted and timely access by all Directors to all relevant information necessary for decision making. The Chairman leads discussion on strategies and policies recommended by the Management and leads the Board on its collective oversight of management.

The Executive Deputy Chairman who is assisted by the three (3) Executive Directors who focuses on the day-to-day management of the Company and is responsible for the implementation of the Board's policies and decisions as well as supervising the operation of the Group and developing and implementing business strategies.

Company Secretary

The Board is supported by an experienced and competent Company Secretary who is qualified to act as secretary under Section 235(2) of the Companies Act 2016.

The Company Secretary of HTVB, Mr Ng Yim Kong is a secretary licensed by the Registrar of Companies by virtue of Section 235(2) of the Companies Act 2016. The Company Secretary provides support to the Chairman of the Company to ensure the effective functioning of the Board.

The Company Secretary and/or his representatives also organises and attends all Board Meetings and Board Committees' Meetings ensuring accurate and proper recording of issues discussed, decisions made and conclusions taken, and facilitate Board communication. He also manages the processes of the annual general meeting and extraordinary general meeting (if any). All scheduled meetings held during the year were preceded by formal agenda issued by the Company Secretary in consultation with the Chairman. Prior to the meetings, appropriate documents which include agenda and reports relevant to the issues of the meetings are circulated to all the directors. All the Directors have sufficient time to appreciate the issues to be deliberated at meetings which in turn enhances the decision-making process. Further details or supplementary information may be provided at the request of the Directors.

The Company Secretary maintains all secretarial and statutory records of the Company. The Board has unrestricted access to the advice and service of the Company Secretary who is responsible to provide the Directors with the Board papers and related matters required for the Board and Committees' meetings.

The Company Secretary updates the Board of Directors regularly on amendments to the Main Market Listing Requirements ("MMLR") of Bursa Malaysia Securities Berhad ("Bursa Securities"), practice and guidance notes or circulars issued by Bursa Securities from time to time and on the development of or amendments to the Companies Act 2016. Overall, the Company Secretary advises the Board on the corporate disclosures and compliances with the company and securities regulations and listing requirements. In addition, the Company Secretary serves notices to the Directors and Principal Officers to notify them of closed periods for trading in the Company's shares in accordance with Chapter 14 of the MMLR. He also ensures that all appointments and resignations of Directors are in accordance with the relevant legislation and the Performance Assessment of the Board, Board Committee and individual Directors are properly executed.

The Board of Directors is supplied with and has unrestricted access to information pertaining to the Group's business and affairs to enable them to discharge their duties effectively. This information includes both verbal and written details.

Board Charter

The Board Charter was adopted by the Board to emphasize its commitment to good corporate governance practices of the Code. The Board Charter sets out, amongst others, the responsibilities, authorities, procedures, evaluations and structures of the Board and Board Committees, the relationship between the Board and management and the shareholders of the Company as well as issues and decisions reserved for the Board. More importantly, the Board Charter sets out the key values, principles and ethos of the Company as policies, and strategy development are based on these considerations.

The Board Charter is periodically reviewed and updated by the Board to ensure that it remains consistent with the Board's objectives and responsibilities. The Board Charter is available at the Group's website www.htgrp.com.my.

Code of Ethics and Conduct for Directors

The Company has adopted a Code of Ethics and Conduct for Directors to focus on areas of ethical risk, managing conflicts of interest, preventing the abuse of power, corruption, insider trading and money laundering, and to provide guidance to Directors to assist them to recognize and deal with unethical conduct and help to foster a culture of honesty, trust, and responsibility. The Code of Ethics and Conduct is a part of the Company's commitment to integrity, accountability, transparency and self-regulation. It is a set of acceptable practices to guide the behaviour of the Directors.

The Code of Ethics and Conduct is available at the Group's website www.htgrp.com.my.

Whistleblowing

Although the Company has not established a formal and written policy and procedure on whistleblowing, the Company's culture encourages open communication, constructive feedback and suggestions across all levels of functionalities and positions. Employees have access to and can bring their matters and issues of concern to immediate superiors, or to any directors, Human Resource department, regulators or any member of management for appropriate action. The Board will undertake to develop and adopt a formal and written policy and procedure on whistleblowing for the Group.

II. BOARD COMPOSITION

Board Balance

The Board comprises seven (7) members; four (4) of whom are Executive Directors and three (3) are Independent Non-Executive Directors. The Board is therefore, in compliance with Paragraph 15.02 of the MMLR of Bursa Securities, which requires that at least 2 directors or 1/3 of the board of directors of a listed issuer, whichever is the higher, are independent directors but does not comply with Practice 4.1 of the Code which recommended at least half the Board to comprise independent directors. The reduction from 4 Independent Non-Executive Directors to 3 Independent Non-Executive Directors was due to the resignation of Mr. Ng Soon Lai @ Ng Siek Chuan who had exceeded nine (9) years in his terms of office as an Independent Non-Executive Director.

The number of independent directors can be increased from the present three to four upon the identification of a suitable candidate for the post. A brief profile of the Board members are set out on pages 4 to 7 of this Annual Report.

Tenure of Independent Director

It is the present policy of the Company that the tenure of an Independent Director shall not exceed a cumulative term of nine (9) years. Upon completion of the nine (9) years, the Independent Director will have to resign unless he is retained by the Board as a non-independent director. This is in compliance with practice 4.2 of the Code. However, the Board may, in exceptional cases and subject to the assessment of the Nominating Committee on an annual basis, recommend for an Independent Director who had served for a consecutive or cumulative term of nine (9) years to remain as an Independent Director subject to Shareholders' approval with justification given.

None of the Independent Directors of the Company have served for a cumulative term of more than nine (9) years up to the financial year ended 31 July 2018 except for Mr. Ng Soon Lai @ Ng Siek Chuan who had resigned on 26 June 2018 after completing a cumulative term of 9 years in office.

Diversity

The Company is led and managed by an experienced Board comprising members with the appropriate mix of skill, diversity, qualification, knowledge and experience in the relevant fields such as finance, law, accounting, metallurgy, material sciences, economics, corporate affairs, entrepreneurship and management. Collectively, the Directors bring a broad range of skills, expertise, knowledge and independent judgement to effectively direct and supervise the attainment of the Group's corporate strategy, business and financial oversight.

Although the Company has no specific policy or target on gender diversity, the Board acknowledges the importance of gender diversity in the Group's workforce and on the Board, and the positive impact gender diversity can have on the Board's decision-making process and Group's performance. However, it is of the view that Board membership is dependent on the potential candidate's skills, experience, core competencies and other qualities regardless of gender, age and ethnicity.

Presently, the selection of candidates is solely based on recommendations made by existing Board members, management or major shareholder but may include sourcing from a directors' registry and open advertisement or the use of independent search given in future if suitable candidates are not readily available.

Board Meetings

The Board of Directors meets on a quarterly basis with additional meetings convened as and when necessary, to inter-alia review and approve quarterly financial results, business plans, budgets, governance matters and other business development activities. Special Board meetings may be convened to consider urgent proposals or matters which require the expeditious review or consideration by the Board. Senior Management is invited to attend the Board meetings to advise on relevant agenda items to enable the Board to arrive at a considered decision. Strategic issues such as acquisition and disposal of the Group's investments or assets; announcements to regulators; corporate and restructuring exercises are presented to the Board for its decision to ensure that the direction and control of the Group is firmly in the Board's control. Besides Board Meetings, the Board also exercises control on matters that require Board's approval through circulation of Directors' resolutions.

Board meetings for the ensuing financial year are scheduled in advance to facilitate the Directors to plan ahead. All meetings are furnished with proper agenda with due notice issued and board papers and reports prepared by the Management which provide updates on financial, operational, legal matters and circulated prior to the meetings to all Directors with sufficient time to review them and to ensure effective discussions and decision making during the meetings.

During the financial year ended 31 July 2018, 5 board meetings were held. Details of the Board of Directors' Meetings and their attendances at these meetings are set out below. All Directors in office during the said period have attended at least 50% of all the Board meetings held and therefore, have complied with the minimum 50% meeting attendance's requirement under the MMLR of Bursa Securities.

Appointment to the Board

There is a formal and transparent procedure which had been endorsed by the Board for the appointment of new Directors. To facilitate appointments to the Board, the Company had set up the Nominating Committee to provide a formal and transparent procedure for appointment of new Directors to the Board. The Nominating Committee shall be primarily responsible for identifying and recommending to the Board new candidates to be appointed as Directors to the Board and also recommending Directors to fill the seats on Board Committees.

For the financial year ended 31 July 2018, the Board through the Nominating Committee, had assessed the effectiveness of the Board as a whole and the Board Committees; contribution and performance of each individual Director; independence of Independent Directors and training courses required by the Directors on an ongoing basis. The Board also reviewed the required mix of skills, experiences and other qualities including core competencies, which Non-Executive Directors should bring to the Board.

Retirement and Re-election

In accordance with the Company's Articles of Association, one-third (1/3) of the Directors or if their number is not three (3) or a multiple of three (3), then the number nearest one-third (1/3) shall retire from office and be eligible for re-election provided always that all Directors shall retire from office once at least in every three (3) years, but shall be eligible for re-election. Any person appointed by the Board either to fill a casual vacancy or as an addition to the existing Directors, shall hold office until the next Annual General Meeting and shall then be eligible for re-election.

Any Director who is retiring, and is eligible for re-election, is required to confirm in writing to the Board if he is or is not offering himself for re-election at the Annual General Meeting where he is due for retirement. The following Directors who are retiring at this Annual General Meeting have individually confirmed in writing to the Board offering themselves for re-election:-

	Article No.
• Mr. Leow Hoi Loong @ Liow Hoi Loong	79
• Mr. Foo Kok Siew	79

Details of the Directors who submitted themselves for re-election this year are available on pages 4 to 7 of this Annual Report.

Board Committees

Article 111 of the Company's Article of Association provides the Board with discretion to delegate their powers to committees consisting of such member or members of their body as they think fit. Any committee so formed in the exercise of the powers so delegated shall conform to any regulations that may be imposed on it by the Board and by the Listing Requirements.

The Company had formed five (5) main Board Committees, namely Audit Committee, Nominating Committee, Remuneration Committee, Risk Management Committee and Employees' Share Option ("ESOS") Committee.

Audit Committee

Audit Committee is positioned to assist the Board to rigorously challenge and ask probing questions on the Company's financial reporting process, internal controls, risk management and governance. The Internal Audit function reports directly to the Audit Committee.

The composition, summary of activities and attendance of members at the Audit Committee Meetings can be found in the Audit Committee Report on pages 35 to 37 of this Annual Report. The details of the Internal Audit function and activities are set out in the Statement on Risk Management and Internal Control on pages 32 to 34 of this Annual Report.

Nominating Committee

The Nominating Committee of the Company was set up with written terms of reference approved by the Board, dealing with its authority and duties which include the selection and assessment of directors. The terms of reference of the Nominating Committee is made available on the Company's website at www.htgrp.com.my.

Members of the Nominating Committee

The Nominating Committee comprises three (3) Independent Non-Executive Directors. The members of the Nominating Committee are as follows:

Name	Designation	Directorship
Tan Sri Abd Rahman Bin Mamat	Chairman	Independent Non-Executive Director
Mr. Leow Hoi Loong @ Liow Hoi Loong	Member	Independent Non-Executive Director
Mr. Lee Ching Kion	Member	Independent Non-Executive Director

The Chairman of the Nominating Committee will:

- lead the succession planning and appointment of Board members including future Chairman and Chief Executive Officer; and
- lead the annual review of Board effectiveness ensuring that the performance of each individual director is independently assessed.

Annual Assessment of Directors

The assessment of independence of the Directors based on the provisions of the MMLR covers a series of objective tests and is carried out before the appointment of the Independent Directors. Further, the Board with assistance from the Nominating Committee will carry out annual assessment of the effectiveness of the Board as a whole, including Independent Non-Executive Directors and consider whether the Independent Director can continue to bring independent and objective judgement to the Board deliberations.

Any Director who considers that he has or may have a conflict or a material personal interest or a direct or indirect interest or relationship that could reasonably be considered to influence in a material way the Director's decision in any matter concerning the Company is required to immediately disclose to the Board of such an interest and to abstain from participating in any discussion or voting on the matter concerned.

For the financial year ended 31 July 2018, the Board assessed the independence of its Independent Non-Executive Directors based on the criteria set out in the MMLR of Bursa Securities. The Board is satisfied with the level of independence and time commitment demonstrated by all the Independent Directors and their ability to act in the best interest of the Company. All the Independent Directors have given written confirmation declaring their independence to the Board.

Remuneration of the Top Five Senior Management

The Board is of the opinion that the disclosure on a named basis the top five senior management's remuneration component including salary, bonus, benefits in-kind and other emoluments in bands of RM50,000 would not be beneficial to the individual Senior Management's staff's interest due to the following reasons:-

1. Confidentiality and sensitivity of personal information of Senior Management.
2. Will give rise to breach of personal data protection.
3. Security concerns for the staff including their family members.
4. Can potentially create friction among the staff.
5. Encourage staff pinching or poaching of executives in the industry.

The Board ensures that the remuneration of Senior Management commensurates with the performance of the Company, with due consideration to attracting, retaining and motivating Senior Management to lead and run the Company successfully.

The Company will review and consider disclosing the top 5 senior management's remuneration component in bands of RM50,000 on a named basis in future.

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

I. AUDIT COMMITTEE

The Audit Committee which comprises Directors; all of whom are Independent Non-Executive Directors is responsible for reviewing and monitoring the Group's internal audit processes, its external auditors and of the integrity of the Group's financial statements.

All the Audit Committee members who are financially literate and are able to understand matters under the purview of the Audit Committee including the financial reporting policies, carried out their duties in accordance with the terms of reference of the Audit Committee which are made available on the Company's website at www.htgrp.com.my. All the Audit Committee members undertake continuous professional development and training to ensure that they keep abreast of the relevant development in accounting and auditing standards, practices and rules.

The Audit Committee has the policy that requires a former key audit partner of the Group audit to observe a cooling-off period of at least two (2) years before being appointed as a member of the Audit Committee. Currently, no former key audit partner is appointed as a member of the Audit Committee.

The Audit Committee also has the policy that no alternate director shall be appointed as a member of the Audit Committee. The status of Audit Committee of the Company is explained in greater detail in the enclosed Audit Committee Report.

Financial Reporting

The Board upholds integrity in financial reporting by ensuring that shareholders are provided with reliable information of the Company's financial performance, its financial position and future prospects in the Annual Audited Financial Statements and quarterly financial reports.

The Board is also responsible for ensuring that the financial statements of the Company and of the Group are made out in accordance with applicable approved accounting standards in Malaysia and the provisions of the Companies Act 2016. The Board also ensures that the financial statements of the Group give a true and fair view of the state of affairs of the Group and of the Company as at the end of the accounting period. The Board through the review by the Audit Committee and in consultation with the External Auditors, presents a balanced and understandable assessment of the Group's financial position and prospect to the shareholders, investors and regulatory authorities.

Independence of External Auditors

The Audit Committee is responsible for approving audit and non-audit services provided by the external auditors. In the process, the Audit Committee will ensure that the independence and objectivity of the external auditors are not compromised.

Moreover, the Engagement Partner of the External Auditors will retire every five (5) years as a matter of the External Auditors' internal policy. The External Auditors have also confirmed that they are, and have been, independent throughout the conduct of the audit engagement in accordance with the independence criteria set out by the Malaysian Institute of Accountants.

Statement of Directors' Responsibility in Relation to the Financial Statements

The Board of Directors is required under Paragraph 15.26(a) of Bursa Securities' MMLR to issue a statement explaining their responsibility in the preparation of the annual financial statements. The Directors are also required by the Companies Act 2016 to prepare financial statements for each financial year, which have been made out in accordance with the approved accounting standards and to give a true and fair view of the state of affairs of the Company and of the Group as at the end of the financial year.

The Directors are responsible for keeping proper accounting records, which are disclosed with reasonable accuracy at any time the financial position of the Company and the Group to enable them to ensure that the financial statements comply with the Companies Act 2016 and applicable approved accounting standards in Malaysia.

In preparing these financial statements, the Directors have:-

- selected appropriate accounting policies and applied them consistently;
- made judgments and estimates that are reasonable and prudent;
- ensured that all applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepared financial statements on the going concern basis as the Directors have a reasonable expectation, having made enquiries that the Group has adequate resources to continue in operational existence for the foreseeable future.

Relationship with External Auditors

The Group has established a formal, transparent and professional relationship with its external auditors. The Audit Committee reviews the audit plans, scope of audit as well as their professional fees, performance and appointment. The appointment of the External Auditors is subject to the approval of the shareholders at the General Meeting of the Company.

The External Auditors are invited to attend Audit Committee meetings as and when necessary. The External Auditors present their audit plans, report their findings to the Audit Committee and discuss with the Board of Directors on matters that necessitate the Board's attention.

II. RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

The Board acknowledges its overall responsibility for reviewing the adequacy and integrity of the Group's systems of risk management, identifying principal risks and opportunities and establishing an appropriate control environment and framework to manage risks and take advantage of opportunities. The key risk categories of the Group are financial risk associated to corporate funding and gearing, foreign exchange risk, supply chain risk, regulatory risk, market risk, credit risk and inventory risk.

The Board also acknowledges the importance of maintaining a sound system of internal control to safeguard shareholders' interest and the Group's assets. An outsourced internal audit function was established to assist the Audit Committee in reviewing the state of risk management and internal control of the Group and to highlight areas for Management's improvement.

The details of the Company's risk management and internal control framework are contained in the Statement on Risk Management and Internal Control on pages 32 to 34.

Risk Management Committee

The Company established a Risk Management Committee on 30 March 2010 and has been delegated by the Board to assume responsibility for the Group's risk oversight. The Risk Management Committee provides oversight, direction and counsel to the Group risk management process and considers any matter relating to the identification, assessment, monitoring and management of any risk associated with the Group that it deems appropriate.

The terms of reference of the Risk Management Committee are available on the Company's website at www.htgrp.com.my.

The members of the Risk Management Committee are as follows:

Name	Designation	Directorship
Mr. Lee Ching Kion	Chairman	Independent Non-Executive Director
Mr. Leow Hoi Loong @ Liow Hoi Loong	Member	Independent Non-Executive Director
Mr. Foo Kok Siew	Member	Executive Director

Internal Audit Function

The internal audit function of the Company is currently outsourced and reports directly to the Audit Committee. To the best of the Board's knowledge, the outsourced internal audit personnel are free from any relationship or conflict of interest which could impair their objectivity and independence.

The internal audit function is responsible to assist the Audit Committee in discharging its duties and responsibilities. Further details of the internal audit function are contained in the Audit Committee Report on pages 35 to 37.

PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

I. COMMUNICATION WITH STAKEHOLDERS

The Board recognises the importance of effective ongoing engagement communication with its stakeholders to facilitate mutual understanding of each other's objectives and expectations and to enable the stakeholders to make informed decisions with respect to the business of the Company and commitment to governance, environmental and social responsibility matters.

Information is disseminated through various disclosures and announcements made to Bursa Securities which includes financial results and corporate developments. The Company's website at www.htgrp.com.my provides shareholders and investors with the overview information of the Group's business, the latest updates of the Company and the announcement of the quarterly financial results made via Bursa Link. Shareholders and investors may contact the persons identified in the website to enquire more about the Group.

The Company meets financial analysts, as and when requested, to give them an overview of the Group's performance and operations. Through these channels, the Company has the opportunity to directly address, explain or clarify issues that investors and analysts may have regarding the business, operations and prospects of the Group.

The Annual General Meeting is the principal forum for dialogue with all shareholders. Shareholders are notified of the meeting and provided with a copy of the Company's Annual Report before the meeting.

II. CONDUCT OF GENERAL MEETINGS

According to Article 54 of Company's Articles of Association, notice of Annual General Meeting will be circulated at least twenty-one (21) days before the date of the meeting to enable shareholders sufficient time to peruse the Annual Report and papers supporting the resolutions proposed. The 21 days' notice is within the requirement stipulated by the Companies Act 2016 under Section 316 and Paragraph 9.19 of the MMLR of Bursa Securities. The Board is aware that Practice 12.1 of the Code which encourages the Company to send out Notice for its Annual General Meeting to the shareholders at least 28 days prior to the meeting. Since the Notice of the Annual General Meeting will be sent on 19 November 2018 while its AGM will only be held on 17 December 2018, i.e. more than 28 days prior to Annual General Meeting, the Company complies with Practice 12.1 of the Code.

At the General Meetings, the Board encourages shareholders' participation by providing opportunities for shareholders to raise questions on the business activities of the Group, agenda of the meetings and its proposed resolutions. The Directors and the Chair of Board Committees are present at the Annual General Meeting to answer questions and consider suggestions. The External Auditors are also present to provide their professional and independent clarification on issues of concern raised by the shareholders, if any.

At the start of the last year's Annual General Meeting held on 18 December 2017, the Board's reply to the Minority Shareholders' Working Group's ("MSWG") query Letter dated 14 December 2017 was read out to the Shareholders present at the Meeting. A copy of this reply to MSWG can be found at the Company's website at www.htgrp.com.my.

The Board has subsequently at its Board of Directors' Meeting held on 27 September 2018 identified Mr. Lee Ching Kion as the Senior Independent Non-Executive Director to whom concerns may be conveyed. The Senior Independent Non-Executive Director provides a secure and confidential channel to address any concerns conveyed to him directly on matters relating to the Company through e-mail (cklee@htgrp.com.my).

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

The Malaysian Code on Corporate Governance 2017 specify that the Board of Directors of public listed companies should establish a sound risk management framework and internal control system to safeguard shareholders' investment and Group's assets. The Board of Directors ("the Board") is pleased to present its Statement on Risk Management and Internal Control for the financial year ended 31 July 2018. This Statement is prepared pursuant to paragraph 15.26(b) of the Main Market Listing Requirements and guided by the latest "Statement on Risk Management and Internal Control – Guidelines for Directors of Listed Issuers" ("the Guidelines") endorsed by Bursa Malaysia Securities Berhad ("BMSB").

BOARD'S COMMITMENT AND RESPONSIBILITY

As the Group operates in a dynamic business environment, a sound risk management and internal control system must be in place to help the Group to achieve its business objectives. Therefore, the Board remains committed towards maintaining a sound system of risk management and internal control and believes that a balanced achievement of its business objectives and operational efficiency can be attained.

Principally, the responsibilities of the Board as provided in the Guidelines for risk governance are:

- Embedding risk management in all aspects of the Group's activities, which also encompasses subsidiaries of the Company;
- Assessing the Group's acceptable risk appetite; and
- Reviewing risk management framework, processes, responsibilities and assessing whether the present policies and systems provide reasonable assurance that risks are managed appropriately.

The Board understands the principal risks of the business that the Group is engaged in and accepts that business decisions require the balancing of risk and return in order to reward the shareholders.

The Board delegates the responsibility of reviewing the effectiveness of risk management to the Risk Management Committee ("RMC"). The key function of the RMC is to review and report to the Board on the risks faced by the Group and the effectiveness of management measures in identification and assessment of risks as well as the design, management and monitoring of internal controls to mitigate risks.

The present composition of the RMC is as follows:

(i)	Mr. Lee Ching Kion	-	Independent Non-Executive Director (Chairman)
(ii)	Mr. Foo Kok Siew	-	Executive Director
(iii)	Mr. Leow Hoi Loong @ Liow Hoi Loong	-	Independent Non-Executive Director

The RMC meets at least once every quarter and on other occasions, as and when necessary.

RISK MANAGEMENT AND INTERNAL CONTROL

The Board acknowledges its overall responsibility for reviewing the adequacy and integrity of the Group's systems of risk management and internal control, identifying principal risks and establishing an appropriate control environment and framework to manage risks. The key risk categories of the Group are financial risk associated to corporate funding and gearing, foreign exchange risk, supply chain risk, regulatory risk, market risk, credit risk and inventory risk.

The RMC is assisted by the Risk Management Working Committee ("RMWC"), which is represented by the heads of the various departments of the Group. The roles of the RMWC is to identify, measure, prioritise and re-assess the risks and to ensure that adequate attention and focus for risk management are placed appropriately and timely in accordance with the perceived and anticipated risk magnitude. Quarterly, the RMWC re-assesses, summarises and reports the emerging risks and their profiles to the RMC for review and deliberation. The status of key risks and management actions are further presented by the RMC to the Board for review and deliberation.

In term of the key controls for the business processes, the Group has implemented the following control measures and procedures in its operations:

- i. The Purchasing Committee that reviews, monitors and approves purchases;
- ii. Budgetary control involving the review and approval of annual budget as well as monitoring and analysing variances of actual results against budget in the monthly Group Management Committee Meetings;
- iii. Organisation structure that defines the management hierarchy, structure of reporting lines and accountability;
- iv. Authority limits and approval processes that facilitate the delegation of authority;
- v. Centralized enterprise resource planning information system that provides timely information and produces periodic performance reports to management for monitoring purposes;
- vi. ISO 9001:2015 Quality Management System, EC Certification on Factory Production Control and American Petroleum Institutes ("API") manufacturing procedures in the manufacturing operations of the Group. Internal quality audits are carried out and annual surveillance audits are conducted by external certification body to provide assurance of compliance with the ISO requirements.

BOARD AND MANAGEMENT REVIEW MECHANISM

Whilst the RMC oversees risk management and is assisted by the RMWC at the operational level, various management review meetings are held throughout the year. Presently, the management organizes weekly Senior Management Meetings, weekly Credit Committee Meetings, monthly Group Management Committee Meetings and monthly Operation Meetings at the respective key subsidiaries. The objective of these meetings is to ensure policies, decisions and expected operational performance targets and objectives set by the top executives are communicated, understood and executed by line management. At the same time, these meetings re-enforce the monitoring and supervision controls at the line management levels.

In order to ensure the objectivity of the review of the systems of internal control in the Group, the Audit Committee is instituted by the Board to undertake this role. In conducting its review, the Audit Committee is assisted by the Internal Auditors who report to the Audit Committee quarterly on the state of control of the audited functions. The Internal Auditors have identified implementation lapses in internal control and process improvement opportunities during the course of its work for the financial year under review, which were duly addressed by the Management. Additionally, the Audit Committee obtains feedback from the External Auditors on the risk and control issues highlighted by them in the course of their statutory audit.

Management supplements the Audit Committees review on risk issues when presenting their quarterly financial performance and results to the Audit Committee. In addition, with the management consultation, the Audit Committee deliberates the integrity of the quarterly financial results, annual report and audited financial statements before recommending to the Board to be presented to the shareholders and public investors.

MANAGEMENT RESPONSIBILITIES AND ASSURANCE

In accordance to the Guidelines, management is responsible to the Board for:

- continuously identifying, evaluating and managing risks relevant to the business in achieving the Group's objectives and strategies implementation;
- designing, implementing and monitoring the risk management framework in accordance with the Group's strategic vision and overall risk appetite; and
- identifying changes to risk or emerging risks, taking action as appropriate and promptly bringing these to the attention of the Board.

The Board has received assurance from the Executive Director and Chief Financial Officer that the Group's risk management and internal control systems are operating adequately and effectively, in all material aspects, based on the risk management and internal control systems of the Group.

BOARD ASSURANCE AND LIMITATION

The Board confirms that there is an ongoing process for identifying, evaluating and managing significant risks faced by the Group for the financial year under review and up to the date of approval of this Statement for inclusion in the Annual Report. The Board is satisfied that the existing systems of internal control and risk management are adequate and effective to enable the Group to achieve its business objectives and there were no material losses resulted from significant control weaknesses for the financial year under review.

While the Board wishes to reiterate that system of risk management and internal control would be continuously improved in line with the evolving business development, it should be noted that all risk management and internal control system could only manage to mitigate rather than eliminate risks of failure to achieve business objectives. Therefore, these systems of internal control and risk management in the Group can only provide reasonable but not absolute assurance against material misstatements, frauds and losses.

REVIEW OF STATEMENT ON INTERNAL CONTROL BY EXTERNAL AUDITORS

Pursuant to paragraph 15.23 of the Main Market Listing Requirements, the External Auditors have reviewed this Statement on Risk Management and Internal Control for inclusion in the annual report for the financial year ended 31 July 2018. Their review was performed in accordance with Audit and Assurance Practice Guide ("AAPG") 3 issued by the Malaysian Institute of Accountants.

AAPG 3 does not require the External Auditors to consider whether this statement covers all risks and controls or to form an opinion on the adequacy and effectiveness of the Group's risk management and internal control system.

This statement was approved by the Board on 27 September 2018.

NOMINATING COMMITTEE REPORT

NOMINATING COMMITTEE REPORT

The Nominating Committee of the Company was set up on 16 October 2003 with written terms of reference approved by the Board, dealing with its authority and duties which include the selection and assessment of directors.

The terms of reference of the Nominating Committee are made available on the Company's website at www.htgrp.com.my.

COMPOSITION OF NOMINATING COMMITTEE

The Nominating Committee ("NC") comprises three (3) Non-Executive Directors, all of whom are Independent Directors. The members of NC are as follows:

Nominating Committee Members	Designation	Directorship
Tan Sri Abd Rahman Bin Mamat	Chairman	Independent Non-Executive Director
Mr Leow Hoi Loong @ Liow Hoi Loong	Member	Independent Non-Executive Director
Mr Lee Ching Kion	Member	Independent Non-Executive Director

MEETING AND ATTENDANCE

The NC met on 28 September 2017, 18 December 2017 and 25 June 2018 during the financial year under review with full attendance of the NC members.

SUMMARY OF ACTIVITIES

The NC had carried out the following:-

- (a) Conducted an evaluation of the performance of the Directors for the financial year ended 31 July 2018 at its meeting held on 27 September 2018, and reviewed and assessed the effectiveness of the Board as a whole and the Board Committees; contribution and performance of each individual Director; independence of independent Directors, the mix of skills, experience and other qualities of Directors including but not limited to core competences and time commitment which the Independent Non-Executive Directors should bring to the Board. For this purpose, an evaluation questionnaire was circulated to each Director for his completion. Upon the return of the completed questionnaires, the Company Secretary compiled the results of the evaluation and tabled the summary of the results for the Nominating Committee's deliberation. The overall results of the evaluation showed that the Directors, the Board and the Board Committees are in compliance with good corporate governance practices and adhere to existing laws and regulations.
- (b) Reviewed and assessed the character, experience, integrity, competency and time commitment of Ms. Yeo Bee Hwan, the Group Chief Financial Officer and found her to be suitable for the position of Group Chief Financial Officer.
- (c) Reviewed the terms of reference of the Nominating Committee annually.
- (d) Reviewed the Diversity of the Board and noted that the Board does not presently have a specific Diversity Policy. Nevertheless, the Board acknowledges the importance of a diversity policy that can contribute to the improved decision-making process and performance of the Group. In this respect, the Nominating Committee will help to monitor the diversity of the Board through the evaluation and selection process of new candidates especially female candidates to the Board.

SUMMARY OF ACTIVITIES (Cont'd)

- (e) Looked at the succession planning of the Group which is presently subject to further changes and study by the Board and Management.
- (f) Reviewed the retirement by rotation at the forthcoming Twenty-Second Annual General Meeting of the Company in accordance with Article 79 of the Company's Articles of Association, and recommended the re-election of Mr. Leow Hoi Loong @ Liow Hoi Loong and Mr. Foo Kok Siew who being eligible to be re-elected, have all consented to be re-elected.
- (g) Reviewed the tenure of office of Mr. Ng Soon Lai @ Ng Siek Chuan ("Mr. Ng") who had been an Independent Non-Executive Director since 18 August 2009, i.e. more than 9 years, and had recommended that Mr. Ng shall resign at the end of the Board Meeting held on 25 June 2018 so as to comply with the Company's policy that the tenure of Independent Non-Executive Directors should not exceed 9 years in total. In connection to this, the Nominating Committee also looked at the need to appoint a new Audit Committee Chairman.
- (h) Conducted on 27 September 2018 an evaluation of the term of office and performance of the Audit Committee ("AC") for the financial year ended 31 July 2018, and reviewed and assessed the composition and quality; understanding of the business including risks; process and procedures; oversight of the financial reporting process, including internal controls; oversight of audit functions; ethics and compliance; and monitoring activities. Following the evaluation, the Nominating Committee concluded that the AC and its Members had been effective in discharging their responsibilities to ensure the quality, integrity and appropriateness in financial accounting and reporting, and have carried out their duties in accordance with their terms of reference.

Sustainability is core to the Group's strategy and operations as we strive to build sustainable businesses to deliver value and long-term growth to our stakeholders. We integrate sustainability in our decision making process in order to care for our **PEOPLE**; nurture our **COMMUNITY** and to support a sustainable **MARKET PLACE**.

Our People

We recognise that our employees are the Group's most important asset. We trust that an engaged workforce will contribute positively and would motivate one another to bring the Group to new heights. In view of this, we endeavor to provide our employees with a safe working environment and ensure them of continuous learning and career advancement opportunities.

Employee development

As the businesses continue to grow and expand, it is important to ensure that our employees have the knowledge and skills to stay relevant amid changing workplace demands. We develop and promote talents by providing training and career development opportunities, and enabling our employees to act with integrity and high morale. We strive to continuously groom and retain a diverse talent pool to ensure our employees are ready for the future succession planning and development as well as being adaptable to change.

Employee Relations

It is the Group's priority in cultivating teamwork, and a respectful and harmonious working environment. To this end, the Group organises social gatherings for all festivals, annual dinner, birthday parties, etc.

The Group places great attention on the well-being and benefits of the employees. In order to develop a balanced work life and create a caring, harmonious and cohesive working atmosphere; employees are encouraged to participate in various sports and recreational activities organised by the Group.

Health and safety

In this respect, we promote and nurture a healthy and safe workplace for our employees. During the year numerous trainings have been conducted by Health & Safety Officer to improve knowledge on safety in order to achieve an accident-free work place. The Occupational Safety and Health Committee play a critical role to promote an accident free mindset to all levels of employees. Safety measures briefing, training and roadshow were held to instill correct safety procedures and help accomplish the goal of a zero accident working environment.

The Group monitors work-related accidents and manages all incidents with the relevant corrective actions. The Occupational Safety and Health leaders will present and discuss the safety improvement plan during our monthly management meetings. We also have monthly audits in safety issues and regular inspections to identify unsafe activities and conditions.

The table below shows number of accident cases recorded over the years:

Financial Year	2014	2015	2016	2017	2018
Accident cases	15	17	14	13	13

Through our efforts, we have managed to bring down the number of accident cases in the recent two years. Nevertheless, continuous efforts such as daily morning briefing and regular trainings have been put in place to further reduce the accident cases and ensure a sustainable and safe workplace.

OUR COMMUNITY

As a good corporate citizen, we are determined to serving and contributing to the community in which we live and work through our volunteerism. We trust the value of volunteerism to our community will help develop caring character and empathy among our employees and community.

Education

The Group views education and life-long learning as an important pillar of human resources and community development. Our employees and their family members are encouraged to continue to improve and uplift themselves through continuing education. The Group provides annual allowances for our employees' children to enable them to buy books and other educational aids. This helps to inculcate reading habits and learning amongst the young who are the future of our Country.

Caring

The Group organises annual blood donation events that provide a reminder to the importance of a caring community and also help to stock up the blood bank for National Blood Centre.

This year the blood donation was held on 26 October 2017 at Alpine Pipe training room. As always, we received overwhelming response from our employees and the local communities.

Gotong Royong is also one of the Group's annual events that foster a clean environment for workplace and surrounding areas and community.

Going Green

The Group undertakes initiatives to reduce waste and create a more eco-friendly environment. Efforts implemented are as follows:

- Install eco-friendly hand dryers in wash rooms, thus eliminating the use paper towels.
- Change the existing fluorescent light tubes to LED tubes in offices.
- Change the existing High Pressure Sodium down lights to LED down lights in factory floors.
- Change the existing High Pressure Sodium flood lights to LED street lights.
- Reduce unnecessary printing and increase paper recycling.
- Reduce the usage of disposable plates, cutlery and bowls by encouraging staff to use reusable items.
- Install filtered water system in pantry to eliminate purchase of bottled water.
- Waste separation at factory floor.

OUR MARKET PLACE

Through maintaining a high standard of corporate governance, the Group emphasises on an ethical business culture amongst our people for the benefit of our stakeholders. We conduct with responsibility, transparency and fairness in all our business dealings, and we hold respect for the interests of the relevant stakeholders, adhering to the Group's long-standing business philosophy.

To ensure sustainable growth and performance, our Business Development team will continue to explore for potential new markets in the region and new steel-related businesses.

Seminars

Over the years, the Group has spearheaded various donation and sponsorship initiatives which have benefited a number of community services and organisations. During the year, we have organised and funded various seminars on the potential usage of our products, to educate and enhance knowledge for engineers and project teams, existing and potential customers, business partners and various Government Authorities from the project design stage, right up to the completion of the projects.

During the year, we have conducted seminars on Kejuruteraan Paip & Perancah in collaboration with Kementerian Kerja Raya Malaysia in three states on the following dates.

On 17 August 2017, the seminar was held at Ixora Hotel, Penang with a total of 250 participants.

The total amount of Directors' and Officers' Liability Insurance effected for the Directors and Officers of the Group was RM20 million. The total amount of premium paid for the Directors' and Officers' Liability Insurance by the Group and the Company was RM19,090.

Other statutory information

Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that:

- all known bad debts have been written off and adequate provision made for doubtful debts, and
- any current assets which were unlikely to be realised in the ordinary course of business have been written down to an amount which they might be expected so to realise.

At the date of this report, the Directors are not aware of any circumstances:

- that would render the amount written off for bad debts, or the amount of the provision for doubtful debts, in the Group and in the Company inadequate to any substantial extent, or
- that would render the value attributed to the current assets in the financial statements of the Group and of the Company misleading, or
- which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate, or
- not otherwise dealt with in this report or the financial statements, that would render any amount stated in the financial statements of the Group and of the Company misleading.

Other statutory information (Cont'd)

At the date of this report, there does not exist:

- i) any charge on the assets of the Group or of the Company that has arisen since the end of the financial year and which secures the liabilities of any other person, or
- ii) any contingent liability in respect of the Group or of the Company that has arisen since the end of the financial year.

No contingent liability or other liability of any company in the Group has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

In the opinion of the Directors, the financial performance of the Group and of the Company for the financial year ended 31 July 2018 have not been substantially affected by any item, transaction or event of a material and unusual nature nor has any such item, transaction or event occurred in the interval between the end of that financial year and the date of this report.

Significant events

Significant events during the financial year are disclosed in Note 32 to the financial statements.

Subsequent events

Subsequent events are disclosed in Note 33 to the financial statements.

Auditors

The auditors, KPMG PLT, have indicated their willingness to accept re-appointment.

The auditors' remuneration is disclosed in Note 20 to the financial statements.

The consolidated financial statements of the Company as at and for the financial year ended 31 July 2018 comprise the Company and its subsidiaries (together referred to as the “Group” and individually referred to as “Group entities”) and the Group’s interest in joint venture and associate. The financial statements of the Company as at and for the financial year ended 31 July 2018 do not include other entities.

The Company is principally engaged in investment and property holdings and the provision of management services, whilst the principal activities of the subsidiaries are as stated in Note 6 to the financial statements.

These financial statements were authorised for issue by the Board of Directors on 26 October 2018.

1. Basis of preparation

(a) Statement of compliance

The financial statements of the Group and the Company have been prepared in accordance with Malaysian Financial Reporting Standards (“MFRSs”), International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

The following are accounting standards, amendments and interpretations that have been issued by the Malaysian Accounting Standards Board (“MASB”) but have not been adopted by the Group and the Company:

MFRSs, Interpretations and amendments effective for annual periods beginning on or after 1 January 2018

- MFRS 9, *Financial Instruments* (2014)
- MFRS 15, *Revenue from Contracts with Customers*
- Clarifications to MFRS 15, *Revenue from Contracts with Customers*
- IC Interpretation 22, *Foreign Currency Transactions and Advance Consideration*
- Amendments to MFRS 1, *First-time Adoption of Malaysian Financial Reporting Standards (Annual Improvements to MFRS Standards 2014-2016 Cycle)*
- Amendments to MFRS 2, *Share-based Payment – Classification and Measurement of Share-based Payment Transactions*
- Amendments to MFRS 4, *Insurance Contracts – Applying MFRS 9 Financial Instruments with MFRS 4 Insurance Contracts*
- Amendments to MFRS 128, *Investments in Associates and Joint Ventures (Annual Improvements to MFRS Standards 2014-2016 Cycle)*
- Amendments to MFRS 140, *Investment Property – Transfers of Investment Property*

MFRSs, Interpretations and amendments effective for annual periods beginning on or after 1 January 2019

- MFRS 16, *Leases*
- IC Interpretation 23, *Uncertainty over Income Tax Treatments*
- Amendments to MFRS 3, *Business Combinations (Annual Improvements to MFRS Standards 2015-2017 Cycle)*
- Amendments to MFRS 9, *Financial Instruments – Prepayment Features with Negative Compensation*
- Amendments to MFRS 11, *Joint Arrangements (Annual Improvements to MFRS Standards 2015-2017 Cycle)*
- Amendments to MFRS 112, *Income Taxes (Annual Improvements to MFRS Standards 2015-2017 Cycle)*
- Amendments to MFRS 119, *Employee benefits (Plan Amendment, Curtailment or Settlement)*
- Amendments to MFRS 123, *Borrowing Costs (Annual Improvements to MFRS Standards 2015-2017 Cycle)*
- Amendments to MFRS 128, *Investments in Associates and Joint Ventures – Long-term Interests in Associates and Joint Ventures*

1. Basis of preparation (Cont'd)

(a) Statement of compliance (Cont'd)

MFRSs, Interpretations and amendments effective for annual periods beginning on or after 1 January 2021

- MFRS 17, *Insurance Contracts*

MFRSs, Interpretations and amendments effective for annual periods beginning on or after a date yet to be confirmed

- Amendments to MFRS 10, *Consolidated Financial Statements* and MFRS 128, *Investments in Associates and Joint Ventures – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The Group and the Company plan to apply the abovementioned accounting standards, amendments and interpretations, where applicable:

- from the annual period beginning on 1 August 2018 for those accounting standards, amendments and interpretation that are effective for annual periods beginning on or after 1 January 2018; and
- from the annual period beginning on 1 August 2019 for those accounting standard, amendments and interpretation that are effective for annual periods beginning on or after 1 January 2019.

The Group and the Company do not plan to apply MFRS 17, *Insurance Contracts* that is effective for annual periods beginning on 1 January 2021 as it is not applicable to the Group and the Company.

The initial application of the accounting standards, amendments or interpretations are not expected to have any material financial impacts to the current period and prior period financial statements of the Group and the Company except as mentioned below:

(i) MFRS 15, *Revenue from Contracts with Customers*

MFRS 15 replaces the guidance in MFRS 111, *Construction Contracts*, MFRS 118, *Revenue*, IC Interpretation 13, *Customer Loyalty Programmes*, IC Interpretation 15, *Agreements for Construction of Real Estate*, IC Interpretation 18, *Transfers of Assets from Customers* and IC Interpretation 131, *Revenue - Barter Transactions Involving Advertising Services*.

Currently, the Group recognises revenue from contracts with customers on the basis as prescribed in Note 2(o). Upon adoption of MFRS 15, the Group will recognise the revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to customers.

The Group's contracts with customers contain both the sale of goods and transportation charges classified as revenue. With the adoption of MFRS 15, there will be a change in the financial statements presentation whereby the revenue from transportation charges should be split out to a separate revenue sub-caption.

The costs relating to the transportation are currently reported under the selling and marketing expenses in the statement of profit or loss and other comprehensive income. This need to be reclassified to cost of sales. Cost of sales is expected to increase and gross profit is expected to be reduced, no impact to profit before tax.

(ii) MFRS 9, *Financial Instruments*

MFRS 9 replaces the guidance in MFRS 139, *Financial Instruments: Recognition and Measurement* on the classification and measurement of financial assets and financial liabilities, and on hedge accounting.

In respect of impairment of financial assets, MFRS 9 replaces the "incurred loss" model in MFRS 139 with an "expected credit loss" (ECL) model. The new impairment model applies to financial assets measured at amortised cost, contract assets and debt investments measured at fair value through other comprehensive income, but not to investments in equity instruments.

Based on management's preliminary assessment, the initial application of MFRS 9 is expected to reduce the opening retained earnings on 1 August 2018 by RM379,000 due to additional impairment loss on the receivables to be recognised.

1. Basis of preparation (Cont'd)

(a) Statement of compliance (Cont'd)

(ii) MFRS 9, *Financial Instruments* (Cont'd)

The estimated impact on initial application is based on assessment undertaken to date and the actual impacts of adopting the standard may change because:

- the Group has not finalised the testing and assessment of controls over its new accounting system; and
- the new accounting policies are subject to change until the Group presents its first financial statements that include the date of initial application.

(iii) MFRS 16, *Leases*

MFRS 16 replaces the guidance in MFRS 117, *Leases*, IC Interpretation 4, *Determining whether an Arrangement contains a Lease*, IC Interpretation 115, *Operating Leases – Incentives* and IC Interpretation 127, *Evaluating the Substance of Transactions Involving the Legal Form of a Lease*.

MFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligations to make lease payments. There are recognition exemptions for short-term leases and leases of low-value items. Lessor accounting remains similar to the current standard which continues to be classified as finance or operating lease.

The Group and the Company are currently assessing the financial impact that may arise from the adoption of MFRS 16.

(b) Basis of measurement

The financial statements have been prepared on the historical cost basis other than as disclosed in Note 2.

(c) Functional and presentation currency

These financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional currency. All financial information is presented in RM and has been rounded to the nearest thousand, unless otherwise stated.

(d) Use of estimates and judgements

The preparation of the financial statements in conformity with MFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

There are no significant areas of estimation uncertainty and critical judgements in applying accounting policies that have significant effect on the amounts recognised in the financial statements other than those disclosed in the following notes:

- Notes 7, 10 - Impairment loss on investment in joint venture and amount due from joint venture
- Note 9 - Recognition of deferred tax assets

2. Significant accounting policies

The accounting policies set out below have been applied consistently to the periods presented in these financial statements and have been applied consistently by Group entities, unless otherwise stated.

(a) Basis of consolidation

(i) Subsidiaries

Subsidiaries are entities, including structured entities, controlled by the Company. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control only when such rights are substantive. The Group also considers it has de facto power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Investments in subsidiaries are measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sale or distribution. The cost of investment includes transaction costs.

(ii) Business combinations

Business combinations are accounted for using the acquisition method from the acquisition date, which is the date on which control is transferred to the Group.

For new acquisitions, the Group measures the cost of goodwill at the acquisition date as:

- the fair value of the consideration transferred; plus
- the recognised amount of any non-controlling interests in the acquiree; plus
- if the business combination is achieved in stages, the fair value of the existing equity interest in the acquiree; less
- the net recognised amount (generally fair value) of the identifiable assets acquired and liabilities assumed.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

For each business combination, the Group elects whether it measures the non-controlling interests in the acquiree either at fair value or at the proportionate share of the acquiree's identifiable net assets at the acquisition date.

Transaction costs, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

(iii) Acquisition of non-controlling interests

The Group accounts for all changes in its ownership interest in a subsidiary that do not result in a loss of control as equity transactions between the Group and its non-controlling interest holders. Any difference between the Group's share of net assets before and after the change, and any consideration received or paid, is adjusted to or against Group reserves.

2. Significant accounting policies (Cont'd)

(a) Basis of consolidation (Cont'd)

(iv) Loss of control

Upon the loss of control of a subsidiary, the Group derecognises the assets and liabilities of the former subsidiary, any non-controlling interests and the other components of equity related to the former subsidiary from the consolidated statement of financial position. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the former subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently, it is accounted for as an equity accounted investee or as an available-for-sale financial asset depending on the level of influence retained.

(v) Joint arrangements

Joint arrangements are arrangements of which the Group has joint control, established by contracts requiring unanimous consent for decisions about the activities that significantly affect the arrangements' returns.

Joint arrangements are classified and accounted for as follows:

- A joint arrangement is classified as "joint operation" when the Group or the Company has rights to the assets and obligations for the liabilities relating to an arrangement. The Group and the Company account for each of its share of the assets, liabilities and transactions, including its share of those held or incurred jointly with the other investors, in relation to the joint operation.
- A joint arrangement is classified as "joint venture" when the Group or the Company has rights only to the net assets of the arrangements. The Group accounts for its interest in the joint venture using the equity method. Investment in joint venture is measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sale or distribution. The cost of investment includes transaction costs.

(vi) Non-controlling interests

Non-controlling interests at the end of the reporting period, being the equity in a subsidiary not attributable directly or indirectly to the owners of the Company, are presented in the consolidated statement of financial position and statement of changes in equity within equity, separately from equity attributable to the owners of the Company. Non-controlling interests in the results of the Group is presented in the consolidated statement of profit or loss and other comprehensive income as an allocation of the profit or loss and total comprehensive income for the year between non-controlling interests and owners of the Company.

Losses applicable to the non-controlling interests in a subsidiary are allocated to the non-controlling interests even if doing so causes the non-controlling interests to have a deficit balance.

(vii) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements.

Unrealised gains arising from transactions with equity-accounted investees are eliminated against the investment to the extent of the Group's interest in the investees. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

2. Significant accounting policies (Cont'd)

(b) Foreign currency

(i) Foreign currency transactions

Transactions in foreign currencies are translated to the respective functional currencies of Group entities at exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the end of the reporting period are retranslated to the functional currency at the exchange rate at that date.

Non-monetary assets and liabilities denominated in foreign currencies are not retranslated at the end of the reporting period, except for those that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined.

Foreign currency differences arising on retranslation are recognised in profit or loss, except for differences arising on the retranslation of available-for-sale equity instruments, which are recognised in other comprehensive income.

In the consolidated financial statements, when settlement of a monetary item receivable from or payable to a foreign operation is neither planned nor likely to occur in the foreseeable future, foreign exchange gains and losses arising from such a monetary item are considered to form part of a net investment in a foreign operation and are recognised in other comprehensive income, and are presented in the foreign currency translation reserve ("FCTR") in equity.

(ii) Operations denominated in functional currencies other than Ringgit Malaysia

The assets and liabilities of operations denominated in functional currencies other than RM are translated to RM at exchange rates at the end of the reporting period. The income and expenses of foreign operations, excluding foreign operations in hyperinflationary economies, are translated to RM at exchange rates at the dates of the transactions.

Foreign currency differences are recognised in other comprehensive income and accumulated in the FCTR in equity. However, if the operation is a non-wholly owned subsidiary, then the relevant proportionate share of the translation difference is allocated to the non-controlling interests. When a foreign operation is disposed of such that control, significant influence or joint control is lost, the cumulative amount in the FCTR related to that foreign operation is reclassified to profit or loss as part of the gain or loss on disposal.

When the Group disposes of only part of its interest in a subsidiary that includes a foreign operation, the relevant proportion of the cumulative amount is reattributed to non-controlling interests. When the Group disposes of only part of its investment in an associate or joint venture that includes a foreign operation while retaining significant influence or joint control, the relevant proportion of the cumulative amount is reclassified to profit or loss.

2. Significant accounting policies (Cont'd)

(c) Financial instruments

(i) Initial recognition and measurement

A financial asset or a financial liability is recognised in the statement of financial position when, and only when, the Group or the Company becomes a party to the contractual provisions of the instrument.

A financial instrument is recognised initially, at its fair value plus, in the case of a financial instrument not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial instrument.

An embedded derivative is recognised separately from the host contract and accounted for as a derivative if, and only if, it is not closely related to the economic characteristics and risks of the host contract and the host contract is not categorised at fair value through profit or loss. The host contract, in the event an embedded derivative is recognised separately, is accounted for in accordance with policy applicable to the nature of the host contract.

(ii) Financial instrument categories and subsequent measurement

The Group and the Company categorise financial instruments as follows:

Financial assets

(a) Financial assets at fair value through profit or loss

Fair value through profit or loss category comprises financial assets that are held for trading, including derivatives (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument), or financial assets that are specifically designated into this category upon initial recognition.

Derivatives that are linked to and must be settled by delivery of unquoted equity instruments whose fair values cannot be reliably measured are measured at cost.

Other financial assets categorised as fair value through profit or loss are subsequently measured at their fair values with the gain or loss recognised in profit or loss.

(b) Loans and receivables

Loans and receivables category comprises debt instruments that are not quoted in an active market.

Financial assets categorised as loans and receivables are subsequently measured at amortised cost using the effective interest method.

(c) Available-for-sale financial assets

Available-for-sale category comprises investment in equity and debt securities instruments that are not held for trading.

Investments in equity instruments that do not have a quoted market price in an active market and whose fair value cannot be reliably measured are measured at cost. Other financial assets categorised as available-for-sale are subsequently measured at their fair values with the gain or loss recognised in other comprehensive income, except for impairment losses, foreign exchange gains and losses arising from monetary items and gains and losses of hedged items attributable to hedge risks of fair value hedges which are recognised in profit or loss. On derecognition, the cumulative gain or loss recognised in other comprehensive income is reclassified from equity into profit or loss. Interest calculated for a debt instrument using the effective interest method is recognised in profit or loss.

All financial assets, except for those measured at fair value through profit or loss, are subject to review for impairment (see Note 2(j)(i)).

2. Significant accounting policies (Cont'd)

(c) Financial instruments (Cont'd)

(ii) Financial instrument categories and subsequent measurement (Cont'd)

Financial liabilities

All financial liabilities are subsequently measured at amortised cost other than those categorised as fair value through profit or loss.

Fair value through profit or loss category comprises financial liabilities that are derivatives (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument), or financial liabilities that are specifically designated into this category upon initial recognition.

Derivatives that are linked to and must be settled by delivery of equity instruments that do not have a quoted price in an active market for identical instruments whose fair values otherwise cannot be reliably measured are measured at cost.

Other financial liabilities categorised as fair value through profit or loss are subsequently measured at their fair values with the gain or loss recognised in profit or loss.

(iii) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

Fair values arising from financial guarantee contracts are classified as deferred income and are amortised to profit or loss using a straight-line method over the contractual period or, when there is no specific contractual period, recognised in profit or loss upon discharge of the guarantee. When settlement of a financial guarantee contract becomes probable, an estimate of the obligation is made. If the carrying value of the financial guarantee contract is lower than the obligation, the carrying value is adjusted to the obligation amount and accounted for as a provision.

(iv) Derecognition

A financial asset or part of it is derecognised when, and only when the contractual rights to the cash flows from the financial asset expire or control of the asset is not retained or substantially all of the risks and rewards of ownership of the financial asset are transferred to another party. On derecognition of a financial asset, the difference between the carrying amount and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in equity is recognised in profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged, cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

2. Significant accounting policies (Cont'd)

(d) Property, plant and equipment

(i) Recognition and measurement

Items of property, plant and equipment are measured at cost less any accumulated depreciation and any accumulated impairment losses.

Cost includes expenditures that are directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. The cost of self-constructed assets also includes the cost of materials and direct labour. For qualifying assets, borrowing costs are capitalised in accordance with the accounting policy on borrowing costs.

Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

The gain or loss on disposal of an item of property, plant and equipment is determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and is recognised net within "other operating income" and "other operating expenses" respectively in profit or loss.

(ii) Subsequent costs

The cost of replacing a component of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the component will flow to the Group or the Company, and its cost can be measured reliably. The carrying amount of the replaced component is derecognised to profit or loss. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

(iii) Depreciation

Depreciation is based on the cost of an asset less its residual value. Significant components of individual assets are assessed, and if a component has a useful life that is different from the remainder of the asset, then that component is depreciated separately.

Depreciation is recognised in profit or loss on a straight-line basis over the estimated useful lives of each component of an item of property, plant and equipment from the date that they are available to use. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term. Freehold land is not depreciated. Capital-in-progress are not depreciated until the assets are ready for their intended use.

The estimated useful lives for the current and comparative periods are as follows:

• Leasehold land	60 years
• Buildings	50 years
• Plant and machinery	5 - 12 years
• Motor vehicles	5 years
• Other assets	3 - 10 years

Depreciation methods, useful lives and residual values are reviewed at the end of the reporting period, and adjusted as appropriate.

2. Significant accounting policies (Cont'd)

(e) Leased assets

(i) Finance lease

Leases in terms of which the Group or the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. Upon initial recognition, the leased asset is measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset.

Minimum lease payments made under finance leases are apportioned between the finance expense and the reduction of the outstanding liability. The finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability. Contingent lease payments are accounted for by revising the minimum lease payments over the remaining term of the lease when the lease adjustment is confirmed.

Leasehold land which in substance is a finance lease is classified as property, plant and equipment, or as investment property if held to earn rental income or for capital appreciation or for both.

(ii) Operating lease

Leases, where the Group or the Company does not assume substantially all the risks and rewards of ownership are classified as operating leases and, except for property interest held under operating lease, the leased assets are not recognised on the statement of financial position. Property interest held under an operating lease, which is held to earn rental income or for capital appreciation or for both, is classified as investment property and measured using fair value model.

Payments made under operating leases are recognised in profit or loss on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Lease incentives received are recognised in profit or loss as an integral part of the total lease expense, over the term of the lease. Contingent rentals are charged to profit or loss in the reporting period in which they are incurred.

Leasehold land which in substance is an operating lease is classified as prepaid lease payments.

(f) Exploration and evaluation of mineral resources

Exploration and evaluation costs, including the costs of acquiring licenses, are initially capitalised as intangible exploration and evaluation assets ("E&E assets") according to the nature of the assets acquired. The costs are accumulated in cost centres by field or exploration area pending determination of technical feasibility and commercial viability.

E&E assets that are available for use are amortised over their estimated useful lives based on the unit of production method and recognised in profit or loss upon the commencement of commercial production.

E&E assets are assessed for impairment if sufficient data exists to determine technical feasibility and commercial viability, and facts and circumstances suggest that the carrying amount exceeds the recoverable amount.

The technical feasibility and commercial viability of extracting a mineral resource is considered to be determinable when proven reserves are determined to exist. A review of each exploration license or field is carried out, to ascertain whether proven reserves have been discovered. Upon determination of proven reserves, intangible E&E assets attributable to those reserves are tested for impairment and then reclassified from E&E assets to a separate category within tangible assets.

Expenditure deemed to be unsuccessful is recognised in profit or loss immediately.

2. Significant accounting policies (Cont'd)

(g) Investment property

Investment property at cost

Investment properties are properties which are owned or held under leasehold interest to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes.

Investment properties are measured at cost less accumulated depreciation and any accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the investment property.

Freehold land has an unlimited useful life and therefore is not depreciated. Leasehold land is depreciated over the lease term of 60 years.

Depreciation of buildings is provided for on a straight-line basis to write off the cost of each asset to its residual value over the estimated useful life of 50 years.

An investment property is derecognised on its disposal, or when it is permanently withdrawn from use and no future economic benefits are expected from its disposal. The difference between the net disposal proceeds and the carrying amount is recognised in profit or loss in the period in which the item is derecognised.

(h) Inventories

Inventories are measured at the lower of cost and net realisable value.

The cost of inventories is calculated using the weighted average method, and includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. In the case of work-in-progress and finished goods, cost includes an appropriate share of production overheads based on normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

(i) Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, balances and deposits with banks and highly liquid investments which have an insignificant risk of changes in fair value with original maturities of three months or less, and are used by the Group and the Company in the management of their short term commitments. For the purpose of the statement of cash flows, cash and cash equivalents are presented net of bank overdrafts and pledged deposits.

(j) Impairment

(i) Financial assets

All financial assets (except for investments in subsidiaries and investment in joint venture) are assessed at each reporting date whether there is any objective evidence of impairment as a result of one or more events having an impact on the estimated future cash flows of the asset. Losses expected as a result of future events, no matter how likely, are not recognised. For an investment in an equity instrument, a significant or prolonged decline in the fair value below its cost is an objective evidence of impairment. If any such objective evidence exists, then the impairment loss of the financial asset is estimated.

An impairment loss in respect of loans and receivables is recognised in profit or loss and is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the asset's original effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account.

2. Significant accounting policies (Cont'd)**(j) Impairment (Cont'd)****(i) Financial assets (Cont'd)**

An impairment loss in respect of available-for-sale financial assets is recognised in profit or loss and is measured as the difference between the asset's acquisition cost (net of any principal repayment and amortisation) and the asset's current fair value, less any impairment loss previously recognised. Where a decline in the fair value of an available-for-sale financial asset has been recognised in other comprehensive income, the cumulative loss in other comprehensive income is reclassified from equity to profit or loss.

An impairment loss in respect of unquoted equity instrument that is carried at cost is recognised in profit or loss and is measured as the difference between the financial asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset.

Impairment losses recognised in profit or loss for an investment in an equity instrument classified as available-for-sale is not reversed through profit or loss.

If, in a subsequent period, the fair value of a debt instrument increases and the increase can be objectively related to an event occurring after the impairment loss was recognised in profit or loss, the impairment loss is reversed, to the extent that the asset's carrying amount does not exceed what the carrying amount would have been had the impairment not been recognised at the date the impairment is reversed. The amount of the reversal is recognised in profit or loss.

(ii) Other assets

The carrying amounts of other assets (except for inventories and deferred tax assets) are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For goodwill, the recoverable amount is estimated each period at the same time.

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash-generating units. The goodwill acquired in a business combination, for the purpose of impairment testing, is allocated to a cash-generating unit or a group of cash-generating units that are expected to benefit from the synergies of the combination.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash-generating unit.

An impairment loss is recognised if the carrying amount of an asset or its related cash-generating unit exceeds its estimated recoverable amount.

Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit (or a group of cash-generating units) and then to reduce the carrying amounts of the other assets in the cash-generating unit (or a group of cash-generating units) on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognised in prior periods are assessed at the end of each reporting period for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount since the last impairment loss was recognised. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Reversals of impairment losses are credited to profit or loss in the financial year in which the reversals are recognised.

2. Significant accounting policies (Cont'd)

(k) Equity instruments

Instruments classified as equity are measured at cost on initial recognition and are not remeasured subsequently.

(i) Issue expenses

Costs directly attributable to the issue of instruments classified as equity are recognised as a deduction from equity.

(ii) Ordinary shares

Ordinary shares are classified as equity.

(iii) Repurchase, disposal and reissue of share capital (treasury shares)

When share capital recognised as equity is repurchased, the amount of the consideration paid, including directly attributable costs, net of any tax effects, is recognised as a deduction from equity. Repurchased shares that are not subsequently cancelled are classified as treasury shares in the statement of changes in equity.

When treasury shares are sold or reissued subsequently, the difference between the sales consideration net of directly attributable costs and the carrying amount of the treasury shares is recognised in equity.

(l) Compound financial instruments

A compound financial instrument is a non-derivative financial instrument that contains both a liability and an equity component.

Compound financial instruments issued by the Group comprise redeemable convertible secured bonds and RCUIDS that can be converted to share capital at the option of the holder, when the number of shares to be issued does not vary with changes in their fair value.

The proceeds are first allocated to the liability component, determined based on the fair value of a similar liability that does not have a conversion feature or similar associated equity component. The residual amount is allocated as the equity component. Any directly attributable transaction costs are allocated to the liability and equity components in proportion to their initial carrying amounts.

Subsequent to initial recognition, the liability component of a compound financial instrument is measured at amortised cost using the effective interest method. The equity component of a compound financial instrument is not remeasured subsequent to initial recognition.

Interest and losses and gains relating to the financial liability are recognised in profit or loss. On conversion, the financial liability is reclassified to equity; no gain or loss is recognised on conversion.

(m) Employee benefits

(i) Short-term employee benefits

Short-term employee benefit obligations in respect of salaries, annual bonuses, paid annual leave and sick leave are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term cash bonus if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

2. Significant accounting policies (Cont'd)

(m) Employee benefits (Cont'd)

(ii) State plans

The Group's contributions to statutory pension funds are charged to profit or loss in the financial year to which they relate. Once the contributions have been paid, the Group has no further payment obligations. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

(iii) Share-based payment transactions

The grant date fair value of share-based payment granted to employees is recognised as an employee expense, with corresponding increase in equity, over the period that the employees unconditionally become entitled to the awards. The amount recognised as an expense is adjusted to reflect the number of awards for which the related service and non-market vesting conditions are expected to be met, such that the amount ultimately recognised as an expense is based on the number of awards that meet the related service and non-market performance conditions at the vesting date.

For share-based payment awards with non-vesting conditions, the grant date fair value of the share-based payment is measured to reflect such conditions and there is no true-up for differences between expected and actual outcomes.

The fair value of the employee share options is measured using a binomial lattice model. Measurement inputs include share price on measurement date, exercise price of the instrument, expected volatility (based on weighted average historic volatility adjusted for changes expected due to publicly available information), weighted average expected life of the instruments (based on historical experience and general option holder behaviour), expected dividends, and the risk-free interest rate (based on government bonds). Service and non-market performance conditions attached to the transactions are not taken into account in determining fair value.

(n) Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

(o) Revenue and other income

(i) Goods sold

Revenue from the sale of goods in the course of ordinary activities is measured at fair value of the consideration received or receivable, net of returns and allowances, trade discount, volume rebates and sales taxes. Revenue is recognised when persuasive evidence exists, usually in the form of an executed sales agreement, that the significant risks and rewards of ownership have been transferred to the customer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, and there is no continuing management involvement with the goods, and the amount of revenue can be measured reliably. If it is probable that discounts will be granted and the amount can be measured reliably, then the discount is recognised as a reduction of revenue as the sales are recognised.

(ii) Services rendered

Revenue from services rendered is recognised when the performance obligations have been satisfied.

2. Significant accounting policies (Cont'd)

(o) Revenue and other income (Cont'd)

(iii) Dividend income

Dividend income is recognised in profit or loss on the date that the Group's or the Company's right to receive payment is established.

(iv) Finance income

Finance income is recognised as it accrues using the effective interest method in profit or loss except for interest income arising from temporary investment of borrowings taken specifically for the purpose of obtaining a qualifying asset which is accounted for in accordance with the accounting policy on borrowing costs.

(v) Rental income

Rental income related to rental of properties and scaffoldings are recognised over the period of tenancy or usage, as appropriate. Rental income from investment property is recognised in profit or loss on a straight-line basis over the term of the lease.

(vi) Management fees

Management fees are recognised when services are rendered.

(p) Borrowing costs

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or completed.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

(q) Income tax

Income tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to a business combination or items recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous financial years.

Deferred tax is recognised using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities in the statement of financial position and their tax bases. Deferred tax is not recognised for the following temporary differences: the initial recognition of goodwill, the initial recognition of assets and liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the end of the reporting period.

2. Significant accounting policies (Cont'd)

(q) Income tax (Cont'd)

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax assets and liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax assets and liabilities on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at the end of each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Unutilised reinvestment allowance and investment tax allowance, being tax incentive that is not a tax base of an asset, is recognised as a deferred tax asset to the extent that it is probable that the future taxable profits will be available against which the unutilised tax incentive can be utilised.

(r) Earnings per ordinary share

The Group presents basic and diluted earnings per share data for its ordinary shares ("EPS").

Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held.

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares, which comprise warrants, share options granted to employees and RCUIDS.

(s) Operating segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. Operating segment results are reviewed regularly by the chief operating decision maker, which in this case is the Executive Director and Group Operation Director of the Group, to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available.

(t) Contingencies

(i) Contingent liabilities

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is not recognised in the statements of financial position and is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

(ii) Contingent assets

When an inflow of economic benefit of an asset is probable where it arises from past events and where existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity, the asset is not recognised in the statements of financial position but is being disclosed as a contingent asset. When the inflow of economic benefit is virtually certain, then the related asset is recognised.

2. Significant accounting policies (Cont'd)

(u) Fair value measurement

Fair value of an asset or a liability, except for share-based payment and lease transactions, is determined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the absence of a principal market, in the most advantageous market.

For non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

When measuring the fair value of an asset or liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation technique as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: unobservable inputs for the assets or liability.

The Group recognises transfers between levels of the fair value hierarchy as of the date of the event or change in circumstances that caused the transfers.

Policy on transfer between levels

The fair value of an asset to be transferred between levels is determined as of the date of the event or change in circumstances that caused the transfer.

Level 1 fair value

Level 1 fair value is derived from quoted prices (unadjusted) in active markets for identical investment properties that the entity can access at the measurement date.

Level 2 fair value

Level 2 fair value is estimated using inputs other than quoted prices included within Level 1 that are observable for the investment property, either directly or indirectly.

Level 2 fair values of land and buildings have been generally derived using the sales comparison approach. Sales price of comparable properties in close proximity are adjusted for differences in key attributes such as property size. The most significant input into this valuation approach is price per square foot of comparable properties.

Transfer between Level 1 and 2 fair values

There has been no transfer between Level 1 and 2 fair values during the financial year (2017: no transfer in either directions).

Level 3 fair value

Level 3 fair value is estimated using unobservable inputs for the investment property.

On 15 March 2012, the Company entered into the Shareholders' Agreement with the shareholders of a joint venture, Eastern Steel Sdn. Bhd. ("ESSB"), namely Orient Steel Investment Pte. Ltd. ("Orient Steel") and Chinaco Investment Pte. Ltd. ("Chinaco"). The agreement set out the rights and obligations and to regulate the shareholders' relationship of the three parties in respect of dealing with ESSB.

The agreement gives the Company and Orient Steel joint control over ESSB and hence, ESSB is considered as a joint venture of the Company.

The following tables summarise the financial information of ESSB. The tables also reconcile the summarised financial information to the carrying amount of the Group's interest in ESSB, which is accounted for using the equity method.

7. Investment in joint venture (Cont'd)

7.1 Impairment loss

Impairment loss recognised by the joint venture

In the financial year 2016, in view of the depressed market prices and soft demand of steel slabs and the increased volatility of foreign exchange rates, ESSB had ceased its trial operation to minimise losses. Accordingly, the management of ESSB had prepared discounted cash flow projections to assess the recoverable amount of the capital-in-progress in the financial year 2017.

The recoverable amount was based on the value in use of the capital-in-progress, determined by discounting the future cash flows expected to be generated from the capital-in-progress. The carrying amount of the capital-in-progress amounting to RM1,310 million was determined to be higher than its recoverable amount of RM1,044 million. Hence, impairment loss of RM266 million was recognised in capital-in-progress in the financial year 2017.

The impairment loss was subsequently recognised in the Group through the share of loss in the joint venture using the equity method and recognised in the investment in the joint venture and amount due from the joint venture (see Note 10).

On 16 July 2018, ESSB resumed production and the management of ESSB carried out a reassessment on the recoverable amount of the property, plant and equipment. The cash flow projections used in this reassessment were based on two-year projections with the estimated production volume at 96% of the capacity in the first year and 100% in the second year. A further 23 years (i.e. financial years 2021 to 2043) were projected with zero growth from the second year projections.

Key assumptions used in the value in use calculation for the property, plant and equipment during the current financial year include post-tax discount rates of 9.0%-11.0% (2017: 9.0%) based on an industry average weighted average cost of capital.

The values assigned to the key assumptions represent management's assessment of future trends in the steel industry and are based on both external and internal sources (ie. historical data).

Based on the reassessment, no additional impairment loss is considered necessary for the current financial year.

The above estimates are particularly sensitive in the following area:

- A 5% decrease in sales price would have increased the impairment loss by RM284 million in the joint venture.

Impairment loss recognised at Group level

As the recoverable amount of the investment in and amount due from the joint venture based on the fair value less costs of disposal estimated using the income approach is higher than their carrying amount in the Group level after applying the equity method, additional impairment loss was therefore not necessary in the financial year 2017.

Based on the reassessment, no additional impairment loss is considered necessary for the current financial year.

Impairment loss recognised at Company level

The recoverable amount was based on the fair value less costs of disposal estimated using the income approach. The carrying amount of the long term interests in the joint venture amounting to RM802.51 million as at 31 July 2017 was determined to be higher than its recoverable amount of RM498.14 million, and impairment losses of RM220.80 million and RM83.57 million (see Note 10.2) were recognised in the investment in the joint venture and amount due from the joint venture respectively in the separate financial statements of the Company in the financial year 2017.

Based on the reassessment, no additional impairment loss is considered necessary for the current financial year.

The Group's normal trade credit term ranges from 14 to 90 (2017: 14 to 90) days. Other credit terms are assessed and approved on a case-by-case basis.

10.1 Non-current non-trade amount due from a subsidiary

The non-trade amount due from a subsidiary is unsecured and subject to interest at 5% per annum. The amount is not expected to be repayable over the next 12 months.

10.2 Non-current non-trade amount due from joint venture

The non-trade amount due from joint venture is unsecured and subject to interest rates at 4.6% to 9.2% (2017: 4.6% to 9.2%) per annum. The amount is not expected to be repayable over the next 12 months (2017: repayable in 2019).

Share of loss recognised using the equity method in excess of the Group's investment in joint venture was applied to the amount due from joint venture which in substance, forms part of the Group's long term investment in the joint venture.

In the separate financial statements of the Company, the impairment loss recognised was based on the fair value less costs of disposal estimated using the income approach (see Note 7.1).

10. Trade and other receivables (Cont'd)

10.3 Current trade amounts due from joint venture and a related party

The trade amounts due from joint venture and a related party are subject to normal trade terms.

10.4 Current non-trade amount due from joint venture

The non-trade amount due from joint venture is unsecured and interest-free (2017: 4.6% to 9.2% per annum). The current balance is repayable in 2019.

10.5 Current non-trade amount due from subsidiaries

The non-trade amounts due from subsidiaries are unsecured and subject to interest at 5% (2017: 5%) per annum and repayable on demand.

13. Capital and reserves (Cont'd)

Reserves (Cont'd)

13.1 Warrant reserves

The warrants were issued free to the subscribers for the RCUIDS in the financial year 2016.

The warrant reserves arose from the allocation of the proceeds received from the issuance of the RCUIDS by reference to the fair value of the warrants and net of expenses incurred in the financial year 2016.

Issuance of 285,163,313 Warrants 2016 arose from the subscription of the RCUIDS in the financial year 2016. No warrants were exercised during the financial year (2017: nil) and the number of warrants outstanding as at 31 July 2018 was 285,163,313 (2017: 285,163,313).

The salient terms of the Warrants 2016 are as follows:

- (a) The warrants can be exercised any time during the tenure of 5 years commencing from the date of issue of 24 June 2016 to 23 June 2021 ("Exercise Period"). Warrants not exercised during the Exercise Period will lapse and cease to be valid; and
- (b) Each warrant entitles holder to subscribe for one new ordinary share in the Company at the exercise price of RM0.50 at any time during the Exercise Period.

13.2 Other reserves

13.2.1 Translation reserves

The translation reserves comprise all foreign currency differences arising from the translation of the financial statements of foreign operations.

13.2.2 Fair value reserves

The fair value reserves comprise the cumulative net change in the fair value of available-for-sale financial assets until the investments are derecognised or impaired.

13.2.3 Capital reserves

The capital reserves comprise the equity component of redeemable convertible secured bonds. It represents the residual amount of the convertible bonds after deducting the fair value of the liability component. The amount is presented net of transaction costs and deferred tax liabilities.

During the previous financial year, the Company had redeemed the redeemable convertible secured bonds after the holder of the Bonds exercised the put option (see Note 14.1).

13.2.4 RCUIDS reserves

The RCUIDS reserves comprise the equity component of the RCUIDS. It represents the residual amount of the RCUIDS after deducting the fair value of the liability component. The amount is presented net of transaction costs and deferred tax liabilities.

During the year, 27,326,100 of RCUIDS (2017: 21,011,000) were converted into ordinary shares resulted in the decrease in the reserves. The number of RCUIDS outstanding as at 31 July 2018 was 236,826,213 (2017: 264,152,313).

13. Capital and reserves (Cont'd)

13.3 Share option reserves

The share option reserve comprises the cumulative value of employee services received for the issue of share options. When the option is exercised, the amount from the share option reserve is transferred to share capital. When the share options expire, the amount from the share option reserve is transferred to retained earnings. No share options were exercised by the employees during the year (2017: nil).

13.4 Treasury shares

During the previous financial year, the Company repurchased 10,000 of its issued share capital from the open market at an average price of RM0.30 per share including transaction costs financed by internally generated funds. The shares repurchased were held as treasury shares.

As at 31 July 2018, a total of 5,492,000 (2017: 5,492,000) buy-back shares were held as treasury shares and carried at cost.

24. Operating segments

(a) Business Segments

For management purposes, the Group is organised into business units based on their products and services, and has five reportable operating segments as follows:

- (i) The trading segment comprises importers, exporters and general dealers in steel products, hardware and building materials;
- (ii) The manufacturing segment is involved in manufacturing, renting and distributing of steel pipes, hollow sections, scaffolding equipment, accessories and other steel products;
- (iii) The property and investment segment is involved in investment in and renting out property and investment holding;
- (iv) The transportation segment is involved in provision of transportation of goods by lorries; and
- (v) The mining exploration segment is involved in exploring, contracting and activities related to the mining, processing and sale of iron ore.

Except as indicated above, no operating segment has been aggregated to form the above reportable operating segments.

Group income taxes are managed on a group basis and are not allocated to operating segments.

(b) Geographical Segments

No segmental information is provided on a geographical basis as the activities of the Group are carried out predominantly in Malaysia.

The Directors are of the opinion that all inter-segment transactions have been entered into in the normal course of business and have been established on terms and conditions that are not materially different from those obtainable in transactions with unrelated parties.

Performance is measured based on segment profit before tax, interest and depreciation as included in the internal management reports that are reviewed by the Executive Director and Group Operation Director. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

Segment assets

The total of segment assets is measured based on all assets (including goodwill) of a segment, as included in the internal management reports that are reviewed by the Executive Director and Group Operation Director. Segment total assets is used to measure the return of assets of each segment.

Segment liabilities

Segment liabilities information is included in the internal management reports and provided regularly to the Executive Director and Group Operation Director. Hence disclosure is made on segment liabilities.

Segment capital expenditure

Segment capital expenditure is the total cost incurred during the financial year to acquire property, plant and equipment.

Major customers

There is no major customer with revenue equal or more than 10% of the Group's total revenue during the financial year.

25.3 Financial risk management

The Group has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

25.4 Credit risk

Credit risk is the risk of a financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group's exposure to credit risk arises principally from its receivables from customers and advances to joint venture. The Company's exposure to credit risk arises principally from loans and advances to joint venture and a subsidiary and corporate guarantees given to banks for credit facilities granted to subsidiaries and joint venture.

Receivables

Risk management objectives, policies and processes for managing the risk

The Group's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis so as to ensure that the Group's exposure to bad debts is properly managed.

Exposure to credit risk, credit quality and collateral

As at the end of the reporting period, the maximum exposure to credit risk arising from receivables is represented by the carrying amounts in the statement of financial position.

Management has taken reasonable steps to ensure that receivables that are neither past due nor impaired are stated at their realisable values. A significant portion of these receivables are regular customers that have been transacting with the Group. The Group uses ageing analysis to monitor the credit quality of the receivables. Any receivables having significant balances past due more than 90 days, which are deemed to have higher credit risk, are monitored individually.

The exposure of credit risk for trade receivables as at the end of the reporting period by geographic region was:

	Group

Receivables (Cont'd)

Impairment losses (Cont'd)

The allowance account in respect of receivables is used to record impairment losses. Unless the Group is satisfied that recovery of the amount is possible, the amount considered irrecoverable is written off against the receivable directly.

Available-for-sale financial assets

Risk management objectives, policies and processes for managing the risk

Investments in available-for-sale financial assets are allowed only in liquid securities and only with counterparties that have a credit rating equal to or better than the Group. Transactions involving derivative financial instruments are with approved financial institutions.

Exposure to credit risk, credit quality and collateral

The maximum exposure to credit risk is represented by the carrying amounts in the statement of financial position.

In view of the sound credit rating of counterparties, management does not expect any counterparty to fail to meet its obligations. The Group does not have overdue investments that have not been impaired.

The available-for-sale financial assets are unsecured.

Impairment losses

As at the end of the reporting period, there was no indication that the investments and other financial assets are not recoverable.

Financial guarantees

Risk management objectives, policies and processes for managing the risk

The Company provides unsecured corporate guarantees to banks in respect of banking facilities granted to certain subsidiaries. The Company monitors on an ongoing basis the results and repayments made by the subsidiaries.

Exposure to credit risk, credit quality and collateral

The maximum exposure to credit risk amounts to RM534,667,000 (2017: RM411,317,000) representing the outstanding banking facilities of the subsidiaries as at the end of the reporting period.

As at the end of the reporting period, there was no indication that any subsidiary would default on repayment.

The financial guarantees have not been recognised since the fair value on initial recognition was not material.

25.4 Credit risk (Cont'd)

Inter-company balances

Risk management objectives, policies and processes for managing the risk

The Company provides unsecured loans and advances to its subsidiaries and joint venture. The Company monitors the results of these entities regularly.

Exposure to credit risk, credit quality and collateral

As at the end of the reporting period, the significant exposure to credit risk in respect of the amount due from joint venture is disclosed in Note 10 to the financial statements.

Impairment losses

An impairment loss in respect of the advances to the joint venture of the Company amounted to RM75,519,000 (2017: RM83,574,000) was recognised at the reporting date based on the discounted cash flow projections prepared by the management of the joint venture.

As at the end of the reporting period, there was no indication that the loans and advances to its subsidiaries are not recoverable.

The movements in the allowance for impairment loss of the amount due from joint venture during the financial year were:

	Company

25.5 Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's exposure to liquidity risk arises principally from its various payables, loans and borrowings.

The Group maintains a level of cash and cash equivalents and bank facilities deemed adequate by the management to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they fall due.

25. Financial instruments (Cont'd)

25.6 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and other prices that will affect the Group's financial position or cash flows.

25.6.1 Currency risk

The Group is exposed to foreign currency risk on sales and cash and cash equivalents that are denominated in a currency other than the respective functional currencies of Group entities. The currencies giving rise to this risk are primarily U.S. Dollar ("USD") and Singapore Dollar ("SGD").

Risk management objectives, policies and processes for managing the risk

Foreign exchange exposures in transactional currencies other than functional currencies of the operating entities are kept to an acceptable level. The Group and the Company did not enter into any forward foreign exchange contracts in the current and previous financial years. However, this policy is subject to review from time to time.

Exposure to foreign currency risk

The Group's exposure to foreign currency (a currency which is other than the functional currency of the Group entities) risk, based on carrying amounts as at the end of the reporting period was:

Group	Denominated in	
	USD	SGD
2018	RM'000	RM'000
Trade receivables	1,440	15,192
Cash and cash equivalents	1,904	2,564
Total exposure	3,344	17,756
2017		
Trade receivables	5,672	19,092
Cash and cash equivalents	31,667	5,832
Total exposure	37,339	24,924

Currency risk sensitivity analysis

Foreign currency risk of the Group entities mainly arises from transactions dealing in SGD and USD. The exposure to other currencies is not material and hence sensitivity analysis is not presented for other currencies.

A 10% and 10% (2017: 10% and 10%) strengthening of the SGD and USD respectively against the functional currency of the Group entities at the end of the reporting period would have increased/(decreased) post-tax profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remained constant and ignores any impact of forecasted sales and purchases.

Group	Profit or loss	
	2018	2017
	RM'000	RM'000
SGD	1,349	1,894
USD	254	2,837

25. Financial instruments (Cont'd)

25.6 Market risk (Cont'd)

25.6.1 Currency risk (Cont'd)

Currency risk sensitivity analysis (Cont'd)

A 10% and 10% (2017: 10% and 10%) weakening of the SGD and USD respectively against the above currencies at the end of the reporting period would have had equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remained constant.

25.6.2 Interest rate risk

The Group's fixed rate borrowings are exposed to a risk of change in their fair value due to changes in interest rates. The Group's variable rate borrowings are exposed to a risk of change in cash flows due to changes in interest rates. Investments in equity securities, available-for-sale financial assets and short term receivables and payables are not significantly exposed to interest rate risk.

Risk management objectives, policies and processes for managing the risk

The Group manages its interest rate exposure by maintaining fixed and floating rate borrowings. The Group reviews its debts portfolio, taking into account the investment holding period and nature of its assets.

Exposure to interest rate risk

The interest rate profile of the Group's and the Company's significant interest-bearing financial instruments, based on carrying amounts as at the end of the reporting period was:

	Group		Company	
	2018	2017	2018	2017
	RM'000	RM'000	RM'000	RM'000
Fixed rate instruments

Term loan	56,882	17,110	56,882	17,110
RCUIDS	20,543	25,245	20,543	25,245
	612,092	453,672	107,527	72,355

Interest rate risk sensitivity analysis

Fair value sensitivity analysis for fixed rate instruments

The Group and the Company do not account for any fixed rate financial assets and liabilities at fair value through profit or loss, and the Group and the Company do not designate derivatives as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates at the end of the reporting period would not affect profit or loss.

Cash flow sensitivity analysis for variable rate instruments

The exposure to interest rate risk arising from floating rate instruments is not material, and hence, sensitivity analysis is not presented.

25. Financial instruments (Cont'd)

25.6 Market risk (Cont'd)

25.6.3 Other price risk

Equity price risk arises from the Group's investments in quoted equity securities and unit trust funds of licensed financial institutions within Malaysia. The quoted equity securities are listed on the Bursa Malaysia Securities Berhad.

The Group's investment in unit trust funds of licensed financial institutions within Malaysia is a fixed income fund which provides regular income stream and stable investment returns. The Group invested in the funds for cash management purpose.

The instruments are classified as available-for-sale financial assets.

Risk management objectives, policies and processes for managing the risk

Management of the Group monitors the equity investments on an individual basis and all buy and sell decisions are approved by the management.

Equity price risk sensitivity analysis

At the reporting date, if the equity price had been 5% (2017: 5%) higher/lower, with all other variables held constant, the Group's other reserves in equity would have been RM454,000 (2017: RM230,000) higher/lower, arising as a result of an increase/decrease in the fair value of equity instruments classified as available-for-sale.

25.7 Fair value information

The carrying amounts of cash and cash equivalents, short term receivables and payables and short term borrowings approximate fair values due to the relatively short term nature of these financial instruments.

It was not practicable to estimate the fair value of the Group's and the Company's investment in unquoted shares due to the lack of comparable quoted market prices and the inability to estimate fair value without incurring excessive costs.

25.7 Fair value information (Cont'd)

Policy on transfer between levels

The fair value of an asset to be transferred between levels is determined as of the date of the event or change in circumstances that caused the transfer.

Level 1 fair value

Level 1 fair value is derived from quoted price (unadjusted) in active markets for identical financial assets or liabilities that the entity can access at the measurement date.

Level 2 fair value

Level 2 fair value is estimated using inputs other than quoted prices included within Level 1 that are observable for the financial assets or liabilities, either directly or indirectly.

Transfers between Level 1 and Level 2 fair values

There has been no transfer between Level 1 and 2 fair values during the financial year (2017: no transfer in either directions).

Level 3 fair value

Level 3 fair value is estimated using unobservable inputs for the financial assets and liabilities.

The following table shows the valuation techniques used in the determination of fair values within Level 3, as well as the key unobservable inputs used in the valuation models.

Financial instruments not carried at fair value

Type	Description of valuation technique and inputs used
Amount due from joint venture and RCUIDS	Discounted cash flows using a rate based on the current market rate of borrowing of the Company at the reporting date.

Non-derivative financial liabilities

Fair value, which is determined for disclosure purposes, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the end of the reporting period. In respect of the liability component of convertible notes, the market rate of interest is determined by reference to similar liabilities that do not have a conversion option.

26. Capital management

The Group's objectives when managing capital is to maintain a strong capital base and safeguard the Group's ability to continue as a going concern, so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Directors monitor and are determined to maintain an optimal debt-to-equity ratio that complies with bond covenants and regulatory requirements.

26. Capital management (Cont'd)

During the financial year, the Group's strategy, which was unchanged from the financial year 2017, was to maintain the debt-to-equity ratio of less than 1.0. The debt-to-equity ratios at 31 July 2018 and 31 July 2017 were as follows:

	Note	Group 2018 RM'000	2017 RM'000
Total loans and borrowings	14	612,092	453,672
Less: Cash and cash equivalents	12	(59,635)	(83,350)
Less: Available-for-sale financial assets - current	8	(10,718)	(4,691)
Net debt		541,739	365,631
Total equity		836,473	807,371
Debt-to-equity ratio		0.65	0.45

There was no change in the Group's approach to capital management during the financial year.

27. Operating leases

Leases as lessee

Non-cancellable operating lease rental are payable as follows:

	Group 2018 RM'000	2017 RM'000
Less than one year	346	391
Between one and five years	731	1,016
	1,077	1,407

Operating lease payments represent rental payable by the Group for use of buildings and gas tank. The lease payments recognised in profit or loss during the financial year are disclosed in Note 20.

Leases as lessor

The Group leases out their investment properties under operating leases (see Note 5). The future minimum lease receivables under non-cancellable leases are as follows:

	Group 2018 RM'000	2017 RM'000
Less than one year	900	219
Between one and five years	1,230	870
	2,130	1,089

30. Related parties

Identity of related parties

For the purposes of these financial statements, parties are considered to be related to the Group or the Company if the Group or the Company has the ability, directly or indirectly, to control or jointly control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Group or the Company and the party are subject to common control. Related parties may be individuals or other entities.

Related parties also include key management personnel defined as those persons having authority and responsibility for planning, directing and controlling the activities of the Group either directly or indirectly. Key management personnel includes all the Directors of the Group, and certain members of senior management of the Group.

The Group has related party relationship with joint venture, key management personnel and companies in which certain directors have significant interests.

Significant related party transactions

Related party transactions have been entered into in the normal course of business under normal trade terms. The significant related party transactions of the Group and the Company, other than key management personnel compensation (see Note 21) are shown below. The balances related to the below transactions are shown in Notes 10 and 15.

31. Employee benefit
Share option programme (equity-settled)

On 19 April 2013, the Company granted 48,800,000 of share options to eligible Directors and employees under the Employees Share Option Scheme ("ESOS"), approved by the shareholders of the Company on 23 November 2011. On 10 January 2014, the Company further granted 11,020,000 of share options on similar terms (except for exercise price) to eligible Directors and employees. On 12 January 2015, additional 8,950,000 of share options were granted on similar terms (except for exercise price) to eligible Directors and employees. On 24 June 2016, there were additional 43,718,783 share options granted arising from adjustments to the outstanding number of share options pursuant to the rights issue. On 10 January 2017, the Company extended its existing ESOS which expired on 11 April 2017 for another five (5) years from 11 April 2017 to 11 April 2022.

The salient terms of the ESOS are as follows:

- (i) Eligible Director named in the register of directors of the Group or an employee who is a confirmed full time employee of the Group and must have attained the age of eighteen (18) years;
- (ii) For employee other than Directors, he must have been confirmed and must have served the Group on a continuous basis for a period of not less than one year on 12 April 2012 ("Effective Date");
- (iii) The aggregate number of shares to be issued under the ESOS shall not exceed 10% of the total issued and paid-up ordinary share capital of the Company;

31. Employee benefit (Cont'd)

Share option programme (equity-settled) (Cont'd)

The salient terms of the ESOS are as follows: (Cont'd)

- (iv) The Scheme shall be in force for a period of five (5) years from the Effective Date and may be extended or renewed (as the case may be) for a further period of five years, at the sole and absolute discretion of the Board upon the recommendation by the ESOS Committee, provided always that the initial Scheme period stipulated above and such extension of the Scheme made pursuant to these ESOS By-laws shall not in aggregate exceed a duration of ten (10) years from the Effective Date;
- (v) The option price shall not be at a discount of more than 10% (or such discount as the relevant authorities shall permit) from the 5-day weighted average market price of the shares of the Company preceding the date of offer and shall in no event be less than par value of the shares of the Company of RM0.50;
- (vi) An option holder may, in a particular year, exercise up to such maximum number of shares in the offer letter at vesting date at 2 January 2015, 2016 and 2017 subject to the yearly performance targets set by the Board of Directors of the Company;
- (vii) The options granted to eligible Director/employee will lapse when they are no longer in employment of the Group.

The number and weighted average exercise prices of share options are as follows:

	Weighted average exercise price 2018	Number of options (‘000) 2018	Weighted average exercise price 2017	Number of options (‘000) 2017
Outstanding at 1 August	RM0.53	79,090	RM0.53	97,230

32. Significant events
32.1 Proposed disposal of equity interest in Eastern Steel Sdn. Bhd. by shareholder of joint venture

On 28 March 2018, one of the corporate shareholders of Eastern Steel Sdn. Bhd. ("ESSB"), Orient Steel Investment Pte. Ltd. ("Orient Steel") entered into an Equity and Debt Transfer Agreement (the "Orient Steel SPA") with Shanxi Jianlong Industry Company Limited ("Jianlong") to dispose of 179,040,000 ordinary shares, being equal to 40% of the issued and paid up capital of ESSB; and all of the shareholders' advances made by Orient Steel to ESSB.

32.2 Proposed disposal of equity interest in Eastern Steel Sdn. Bhd. to Shanxi Jianlong Industry Company Limited

On 3 April 2018, the Company entered into an Equity and Debt Transfer Agreement ("Hiap Teck SPA") with Jianlong for the disposal of 89,520,000 ordinary shares (the "Target Shares") being equal to 20% of the issued and paid up capital of ESSB; and of the shareholders' advances made by the Company to ESSB (the "Target Debt"), for a total cash consideration ("Disposal Consideration") of Renminbi 225.6 million, equivalent to approximately RM139.3 million (based on the exchange rate of Renminbi 1.00 : RM0.6174 as at the latest practicable date of 21 March 2018 ("LDP")).

32.3 Resumption of production of Eastern Steel Sdn. Bhd.

The Company's 55%-owned joint venture company, ESSB has re-ignited its blast furnace and successfully resumed production on 16 July 2018.

ESSB is principally involved in the manufacturing, selling and dealing in a range of steel products using the blast furnace plant with a current production capacity of 700,000 metric tonnes of steel slabs per annum. ESSB's production is targeted to be sold locally to satisfy domestic demand and also exported to neighbouring countries principally, Indonesia and Thailand, which are net importers of steel slabs.

The Board is confident that the resumption of ESSB's operations will contribute positively to the future performance of the Group.

33. Subsequent events

33.1 Disposal of equity interest in Eastern Steel Sdn. Bhd. by shareholder of joint venture

On 23 August 2018, the Orient Steel SPA between Orient Steel and Jianlong for the sale by Orient Steel to Jianlong of Orient Steel's 179,040,000 ordinary shares in ESSB, representing 40% equity interest in the share capital of ESSB, and Orient Steel's indebtedness claim against ESSB, was completed. The transfer will result in ESSB's shareholdings being 55:40:5 which are jointly owned by the Company, Jianlong and Chinaco respectively.

33.2 Conversions of Redeemable Convertible Unsecured Islamic Debt Securities ("RCUIDS")

Subsequent to year end, there were conversions of RCUIDS to ordinary shares as follows:

- i. On 28 August 2018, there was conversion of RCUIDS by the registered holders to 869,500 ordinary shares;
- ii. On 3 September 2018, there was conversion of RCUIDS by the registered holders to 5,500,000 ordinary shares; and
- iii. On 21 September 2018, there was conversion of RCUIDS by the registered holders to 774,500 ordinary shares.

The latest issued share capital after the above conversions was RM672,099,267.

INDEPENDENT AUDITORS' REPORT

to the members of Hiap Teck Venture Berhad

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Hiap Teck Venture Berhad, which comprise the statements of financial position as at 31 July 2018 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 51 to 120.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 July 2018, and of their financial performance and their cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our auditors' report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters (Cont'd)**1. Revenue recognition**

Refer to Note 2(o) – significant accounting policy: Revenue and other income – Goods sold and Note 16 – Revenue.

The key audit matter	How the matter was addressed in our audit
<p>Revenue of the Group mainly comprises income generated from manufacturing and selling of steel pipes, hollow sections, scaffolding equipment and accessories and other steel products. Revenue from sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the customer, usually in the form of an executed sales agreement and when the goods are delivered to customers.</p> <p>Revenue recognition is identified as a key audit matter as the Group's revenue transactions are voluminous with variety of goods sold and services rendered, with different terms and pricing, for different customers. There is a risk that revenue may be recognised before the significant risks and rewards of ownership of the goods sold have been transferred to the customers.</p>	<p>We performed the following audit procedures, among others:</p> <ul style="list-style-type: none"> • We obtained an updated understanding of the key revenue processes and tested the design and operating effectiveness of key controls in respect of the revenue processes. • We performed test of details on revenue transactions by verifying to relevant supporting documents (sales invoices and acknowledged delivery orders) that evidenced the transfer of risks and rewards of ownership of goods to customers. • We performed substantive procedures on sales returns and credit notes subsequent to year end to determine if there is any evidence of material revenue reversal. • We performed sales cut-off to ascertain that sales are recognised in the correct financial periods. • We sent external confirmations to trade receivables to confirm the outstanding balances. • We reviewed unusual journal entries on revenue.

Key Audit Matters (Cont'd)**2. Recoverability of investment in and amount due from joint venture**

Refer to Note 2(a)(v) – significant accounting policy: Basis of consolidation - Joint arrangements, Note 7 – Investment in joint venture and Note 10 - Trade and other receivables - Amount due from joint venture.

The key audit matter	How the matter was addressed in our audit
<p>The Group invested in a joint venture which is principally engaged in manufacturing, selling and dealing in a range of steel products using blast furnace plant.</p> <p>In view of the depressed market prices and soft demand of steel slabs and the increased volatility of foreign exchange rates, the joint venture ceased its trial operation in the financial year 2016 to minimise losses. On 16 July 2018, the joint venture has resumed production.</p> <p>As at 31 July 2018, the gross amounts of the investment cost and amount due from the joint venture were RM283.85 million and RM669.05 million respectively, and the carrying amounts were nil and RM467.87 million respectively after netting off the share of post-acquisition reserves and impairment loss.</p> <p>The recoverability of amount due from the joint venture is identified as a key audit matter in view of the cessation of operation in previous financial year and unfavorable market conditions in which the joint venture operates, and the recent resumption of production. The management of the joint venture has prepared discounted cash flow projections to assess the recoverable amount of the amount due from the joint venture.</p>	<p>We performed the following audit procedures, among others:</p> <ul style="list-style-type: none"> • We engaged corporate finance specialists in assessing the reasonableness of the joint venture's discounted cash flow projections and challenged the key assumptions used. We compared the key assumptions to externally derived data as well as our own assessments which took into account historical trend, future business plans and budgets. • We performed sensitivity analysis on the key assumptions used which include sale prices, sales volume, operating capacity, contribution margins, other operating costs and post-tax discount rate. • We discussed with management of the joint venture on the planned resumption of production, and reviewed minutes of Board's meetings to corroborate the management's action plans. • We checked the appropriateness of the disclosures made in the financial statements prepared by the management

Recoverability of investment in and amount due from joint venture is also a key audit matter in the audit of the separate financial statements of the Company. We have determined that there are no other key audit matters in the audit of the separate financial statements of the Company to communicate in our auditors' report.

Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the annual report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the annual report and, in doing so, consider whether the annual report is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of the annual report, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the ability of the Group and of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control of the Group and of the Company.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group or of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that gives a true and fair view.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITORS' REPORT (Cont'd)

to the members of Hiap Teck Venture Berhad

Auditors' Responsibilities for the Audit of the Financial Statements (Cont'd)

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our auditors' report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act 2016 in Malaysia, we report that the subsidiaries of which we have not acted as auditors are disclosed in Note 6 to the financial statements.

Other Matter

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

Company Secretary

Selangor Darul Ehsan

Date: 19 November 2018

Notes:

A. Appointment of Proxy

1. A member entitled to attend and vote at the Meeting is entitled to appoint a Proxy or Proxies to attend and vote on his (her) behalf. A Proxy may but need not be a member of the Company.
2. Where a member appoints two (2) or more Proxies, the appointment shall be invalid unless he (she) specifies the proportion of his (her) holdings to be represented by each Proxy.
3. The Form of Proxy shall be signed by the appointer or of his (her) attorney duly authorised in writing or, if the appointer is a corporation, must be executed under its common seal or by its duly authorised attorney or officer.
4. The instrument appointing a Proxy must be deposited at the Registered Office of the Company at Lot 6096, Jalan Haji Abdul Manan, Batu 5 ½, Off Jalan Meru, 41050 Klang, Selangor Darul Ehsan not less than forty-eight (48) hours before the time for the Meeting or at any adjournment thereof.
5. A proxy appointed to attend and vote at a meeting of the Company shall have the same right as the member to speak at the meeting.
6. Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("omnibus account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.

B. Audited Financial Statements for the Financial Year ended 31 July 2018

The Audited Financial Statements in Agenda 1 are meant for discussion only as the approval of shareholders is not required pursuant to the provision of Section 340(1) of the Companies Act 2016. Hence, this Agenda is not put forward for voting by the shareholders of the Company.

EXPLANATORY NOTES ON SPECIAL BUSINESS OF THE AGENDA

(a) Proposed Allocation of Options to Mr. Law Wai Cheong

The proposed resolution 7 under item 7.1 of the Agenda, if passes, will empower the Directors of the Company to offer and grant to Mr. Law Wai Cheong who was appointed as Executive Director on 3 January 2017, Options to subscribe for new Shares under the Said ESOS and to allot and issue such number of new shares to him from time to time pursuant to the exercise of such Options.

(b) Proposed Allocation of Options to Mr. Tan Shau Ming

The proposed resolution 8 under item 7.2 of the Agenda, if passes, will empower the Directors of the Company to offer and grant to Mr. Tan Shau Ming who was appointed as Executive Director on 26 September 2014, Options to subscribe for new Shares under the Said ESOS and to allot and issue such number of new shares to him from time to time pursuant to the exercise of such Options.

(c) Resolution pursuant to the Authority to Allot Shares pursuant to Sections 75 and 76 of the Companies Act 2016

The proposed Resolution 9 under item 7.3 of the Agenda, if passed, will empower the Directors of the Company, from the date of the above Annual General Meeting, with the authority to allot and issue shares in the Company up to an amount not exceeding in total 10% of the issued capital of the Company (excluding treasury shares) for such purposes as the Directors consider would be in the best interest of the Company. This authority, unless revoked or varied at a general meeting, will expire at the next Annual General Meeting.

The general mandate which seeks to grant authority to Directors to allot and issue shares is a renewal of the mandate that was approved by the shareholders at the Twenty-First Annual General Meeting ("AGM") held on 18 December 2017. The renewal of the general mandate is to provide flexibility to the Company to issue new shares without the need to convene a separate general meeting to obtain shareholders' approval so as to avoid incurring additional cost and time. The purpose of this general mandate is for possible fund raising exercises including but not limited to placement of shares for purpose of funding current and/or future investment projects, working capital and/or acquisitions.

The Company has not issued any new share pursuant to Sections 75 and 76 of the Companies Act 2016 under the general mandate which was approved at the Twenty-First Annual General Meeting.

(d) Resolution pursuant to the Proposed Renewal of Shareholders' Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature

The Proposed Ordinary Resolution 10 under item 7.4 above, if passed, will enable the Company and its subsidiaries ("the Group") to continue entering into the specified Recurrent Related Party Transactions as set out in Section 2.3.2 of the Circular to Shareholders dated 19 November 2018 with the specified classes of the Related Parties mentioned therein which are necessary for the Group's day-to-day operations. For further information on the Proposed Renewal of Shareholders' Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature, Please refer to the Circular to Shareholders dated 19 November 2018 enclosed together with the Company's 2018 Annual Report.

GENERAL MEETING RECORD OF DEPOSITORS

For the purpose of determining a member who shall be entitled to attend this meeting, the Company shall be requesting the Bursa Malaysia Depository Sdn Bhd in accordance with Article 55(2) of the Company's Articles of Association and Section 34(1) of the Securities Industry (Central Depositories) Act 1991, to issue a General Meeting Record of Depositors as at 7 December 2018. Only a depositor whose name appears on the Record of Depositors as at 7 December 2018 shall be entitled to attend this meeting or appoint proxy/proxies to attend and/or vote in his stead.
